SOLICITATION OF PROXIES

This Management Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by management of Aecon Group Inc. (the “**Corporation**” or “**Aecon**”) to be used at the annual meeting (the “**Meeting**”) of holders of common shares of the Corporation (“**Shareholders**”) to be held at 9:00AM (Eastern Daylight Time) on June 4, 2019 for the purposes set out in the accompanying Notice of Annual Meeting of Shareholders of the Corporation (the “**Notice of Meeting**”). While it is expected that the solicitation will be made primarily by mail, it may be supplemented by telephone or other personal contact by management or regular employees of the Corporation and/or the Corporation’s transfer agent, Computershare Investor Services Inc. The Corporation has also retained Kingsdale Advisors (“**Kingsdale**”) as our strategic shareholder advisor and proxy solicitation agent, to assist with our communications with Shareholders and solicitation of proxies. For these services, Kingsdale will receive a fee of \$30,000 and will be reimbursed by the Corporation for reasonable disbursements and certain out of pocket expenses. The solicitation of proxies by this Circular is being made by or on behalf of management of the Corporation and the total cost of the solicitation will be borne by the Corporation. As of the time of printing this Circular, the Corporation does not intend to pay any additional compensation for the solicitation of proxies by third parties but will pay the reasonable expenses of persons who are the registered but not beneficial owners of voting shares of the Corporation (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) for forwarding copies of the Notice of Meeting, form of proxy, Circular and related material to beneficial owners. The Corporation will provide, without cost to such persons, upon request to the Corporate Secretary of the Corporation, additional copies of the foregoing documents required for this purpose.

BENEFICIAL SHAREHOLDERS

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold Common Shares in their own name and thus are considered non-registered beneficial Shareholders. Only registered holders of Common Shares or the persons they appoint as their proxyholder are permitted to vote at the Meeting. However, in many cases, Common Shares beneficially owned by a person (a “**Beneficial Holder**”) are registered either: (i) in the name of an intermediary (an “**Intermediary**”) (including, among others, banks, trust companies, securities dealers, brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs, TFSAs and similar plans) that the Beneficial Holder deals with in respect of the Common Shares, or (ii) in the name of a clearing agency (such as the Canadian Depository for Securities Limited) of which the Intermediary is a participant. Beneficial Holders should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. In accordance with the requirements of the Canadian Securities Administrators, the Corporation will have distributed copies of the Notice of Meeting, this Circular and the enclosed form of proxy to the clearing agencies and Intermediaries for onward distribution to Beneficial Holders. If you are a Beneficial Holder, your Intermediary will be the entity legally entitled to vote your Common Shares at the Meeting. Common Shares held by an Intermediary can only be voted upon the instructions of the Beneficial Holder. Without specific instructions, Intermediaries are prohibited from voting Common Shares.

Applicable regulatory policy requires Intermediaries to seek voting instructions from Beneficial Holders in advance of the Meeting. Often, the form of proxy supplied to a Beneficial Holder by its Intermediary is identical to the form of proxy provided to registered Shareholders; however, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Holder. The majority of Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Corporation (“**Broadridge**”). Broadridge typically mails a scannable voting instruction form in lieu of the form of proxy. Broadridge tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Holder receiving a voting instruction form cannot use that voting instruction form to vote Common Shares directly at the Meeting, as the voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have such Common Shares voted.

Beneficial Holders should ensure that instructions respecting the voting of their Common Shares are communicated in a timely manner and in accordance with the instructions provided by their Intermediary or Broadridge, as applicable. Every Intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Holders in order to ensure that their Common Shares are voted at the Meeting. Aecon may also use Broadridge’s QuickVote™ service to assist non-registered Shareholders with voting their Common Shares. Kingsdale may contact non-registered Shareholders to directly obtain a vote over the telephone.

Although a Beneficial Holder may not be recognized directly at the Meeting for the purpose of voting Common Shares registered in the name of their Intermediary, a Beneficial Holder may attend the Meeting as proxyholder for the Intermediary and vote the Common Shares in that capacity. Beneficial Holders who wish to attend the Meeting and indirectly vote their Common Shares as a proxyholder should enter their own names in the blank space on the form of proxy or voting instruction form provided to them by their Intermediary and/or Broadridge, as applicable, and return the same in accordance with the instructions provided by their Intermediary and/or Broadridge, as applicable, well in advance of the Meeting.

In any case, the purpose of the above noted procedures is to permit Beneficial Holders to direct the voting of the Common Shares which they beneficially own. Beneficial Holders should carefully follow the instructions and procedures of their Intermediary or Broadridge, as applicable, including those regarding when and where the form of proxy or voting instruction form is to be delivered.

Pursuant to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”), the Corporation is distributing copies of proxy-related materials in connection with the Meeting indirectly to Beneficial Holders and the Corporation intends to pay for the cost of delivery to objecting

Beneficial Holders. The Corporation is not relying on the notice-and-access delivery procedure set out in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting.

As a Shareholder that is a Canadian Non-Objecting Beneficial Owner (CDN NOBO) or Canadian Objecting Beneficial Owner (CDN OBO), you can vote your Common Shares in the following ways:

By Phone	Call 1-800-474-7493 (English) or 1-800-474-7501 (French). You will need to enter your 16-digit control number printed on the front of your voting instruction form. Follow the interactive voice recording instructions to submit your vote.
Online	Go to www.proxyvote.com . Enter your 16-digit control number printed on the front of your voting instruction form and follow the instructions on screen.
Questions?	Contact Kingsdale Advisors by telephone at 1-877-657-5857 (toll-free within North America) or 416-867-2272 (collect call outside North America) or by email at contactus@kingsdaleadvisors.com

As a Shareholder that is a U.S. Beneficial Owner (US Non-Objecting Beneficial Owners (US NOBO) or U.S. Objecting Beneficial Owner (US OBO)), you can vote your Common Shares in the following ways:

By Phone	Call 1-800-454-8683. You will need to enter your control number printed on the front of your voting instruction form. Follow the interactive voice recording instructions to submit your vote.
Online	Go to www.proxyvote.com . Enter your control number printed on the front of your voting instruction form and follow the instructions on screen.

APPOINTMENT, TIME FOR DEPOSIT, AND REVOCABILITY OF PROXY

Each of the persons named in the enclosed form of proxy is an officer of the Corporation. **A registered Shareholder desiring to appoint some other person (who need not be a Shareholder) to attend and act for him, her or it at the Meeting may do so either by inserting such person's name in the blank space provided in the form of proxy or by completing another proper form of proxy.**

A proxy should be executed by the registered Shareholder or his or her attorney in writing or, if the registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Proxies to be used at the Meeting must be delivered to Computershare Investor Services Inc. so as to be received no later than 9:00AM (Eastern Daylight Time) on May 31, 2019 (or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting at which the proxy is to be used) or delivered to the Chairman of the Meeting prior to the commencement of the Meeting, or any adjournment thereof, in order for the proxy to be voted. As an alternative to completing and submitting a proxy for use at the Meeting, a registered Shareholder may vote electronically on the internet at www.investorvote.com or by telephone by contacting Computershare Investor Services Inc. at 1-866-732-8683. Votes cast electronically or by telephone are in all respects equivalent to, and will be treated in the same manner as, votes cast via a paper form of proxy. Registered Shareholders who wish to vote using the internet or by telephone should follow the instructions provided in the enclosed form of proxy. Votes cast electronically or by telephone must be submitted no later than 9:00AM (Eastern Daylight Time) on May 31, 2019 or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting.

A proxy given by a registered Shareholder may be revoked as to any motion on which a vote has not already been cast pursuant to the authority conferred by it, by instrument in writing executed by the registered Shareholder or by his or her attorney authorized in writing or, if the registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized, and deposited either at the registered and head office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment thereof, or in any other manner permitted by law. The registered and head office of the Corporation is located at 20 Carlson Court, Suite 105, Toronto, Ontario M9W 7K6. If a registered Shareholder has voted on the internet or by telephone and wishes to change such vote, such registered Shareholder may vote again through such means before 9:00AM (Eastern Daylight Time) on May 31, 2019 or at least 48 hours, excluding Saturdays, Sundays and holidays, before any adjournment or postponement of the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized share capital of the Corporation consists of an unlimited number of common shares (“**Common Shares**”). The board of directors of the Corporation (the “**Board**”) has fixed a record date of April 5, 2019 (the “**Record Date**”) to determine Shareholders entitled to receive the Notice of Meeting. On the Record Date, the Corporation had 60,669,977 Common Shares outstanding, each of which carries the right to one vote in respect of each of the matters properly coming before the Meeting. The failure of any Shareholder to receive a copy of the Notice of Meeting does not deprive the Shareholder of the right to vote shares in their name at the Meeting. Only registered holders of Common Shares as of the Record Date are entitled to vote such Common Shares at the Meeting on the basis of one vote in respect of each Common Share. Approval of each resolution that will be placed before the Meeting requires a majority of the votes cast at the Meeting on the resolution.

To the knowledge of the directors and executive officers of the Corporation, as at April 5, 2019, no person or company owned beneficially, or exercised control or direction over, directly or indirectly, securities carrying in excess of 10% of the voting rights attached to any class of outstanding voting securities of the Corporation.

EXERCISE OF DISCRETION BY HOLDERS OF PROXIES

The form of proxy provided to registered Shareholders with the Notice of Meeting and this Circular provides the registered Shareholder with an opportunity to specify that the Common Shares registered in his, hers or its name shall be voted “FOR”, “AGAINST” or “WITHHOLD” from voting in accordance with the instructions given on the form of proxy in respect of certain of the matters to be considered at the Meeting. On any ballot that may be called for, the Common Shares represented by proxies in favour of management nominees will be voted “FOR”, “AGAINST” or “WITHHOLD” from voting in respect of the election of directors, the advisory resolution on the Corporation’s approach to executive compensation and the reappointment and remuneration of auditors, in each case in accordance with the specifications made by Shareholders in the manner referred to above. In respect of proxies in which registered Shareholders have not specified the manner of voting, the Common Shares represented by proxies in favour of management nominees will be voted: (i) FOR the election as directors of each of the persons listed as nominees in this Circular; (ii) FOR the advisory resolution on the Corporation’s approach to executive compensation (or “Say-on-Pay Vote”); and (iii) FOR the reappointment of PricewaterhouseCoopers LLP as the Corporation’s auditors and to authorize the Board to fix their remuneration.

The enclosed form of proxy confers discretionary authority upon the proxy nominees with respect to amendments or variations of matters identified in the Notice of Meeting or other matters which may properly come before the Meeting. As of the date hereof, management knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters, which are not now known to management, should properly come before the Meeting, the Common Shares represented by proxies in favour of management nominees will be voted on such matter in accordance with the best judgment of the proxy nominee.

SECTION TWO – MATTERS TO BE ACTED UPON AT THE MEETING

RECEIPT OF FINANCIAL STATEMENTS

The audited financial statements of the Corporation for the financial year ended December 31, 2018 and the report of the auditors thereon will be presented to the Shareholders at the Meeting.

MATTER 1: ELECTION OF DIRECTORS

The articles of the Corporation provide for a minimum of eight and a maximum of fifteen directors. This year the Board has put forward 10 nominees for election as directors at the Meeting. The Board is pleased that John W. Brace and Deborah S. Stein will be standing for election along with eight of the current directors, not including Michael A. Butt. Each of Mr. Brace's and Ms. Stein's biographies can be found below. Michael A. Butt will not stand for re-election at the Meeting and will retire effective upon the election of directors at the Meeting. The Board and the Corporation's management wish to thank Mr. Butt for his valuable service to the Corporation and its Shareholders for more than two decades. The Corporation also recognizes the significant contribution made by the Hon. Brian V. Tobin, P.C., O.C., who retired from the Board at the end of 2018 after 15 years of service.

It is proposed that each person whose name appears below be elected as a director to serve until the close of the next annual meeting of Shareholders or until his or her office is earlier vacated in accordance with the by-laws of the Corporation. Management of the Corporation does not contemplate that any of the nominees will be unable to serve as a director but should that occur prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee at their discretion.

Majority Voting for Election of Directors

The Board believes that each director should have the confidence and support of the Shareholders of the Corporation. To this end, the Board has unanimously adopted a majority voting policy (the "**Majority Voting Policy**") and all nominees for election to the Board must confirm that they will abide by the Majority Voting Policy.

Forms of proxy for the election of directors will permit a Shareholder to vote for or to withhold from voting, separately for each director nominee. The Chairman of the Board will ensure that the number of shares voted for or withheld from voting for each director nominee is recorded and promptly made public after the meeting.

If a director nominee has more votes withheld than are voted for him or her, the nominee will be considered by the Board not to have received the support of the Shareholders, even though duly elected as a matter of corporate law. Such a nominee will be deemed to forthwith submit his or her resignation to the Board, effective on acceptance by the Board. The Board will refer the resignation to the Corporate Governance, Nominating and Compensation Committee (the "**CGNC Committee**") for consideration. A director nominee who tenders resignation under this Majority Voting Policy may not participate in any meeting of the CGNC Committee or Board at which the resignation is considered.

The Board will promptly accept the resignation unless it determines that there are extraordinary circumstances. In any event, the resignation will be accepted (or in rare cases rejected) within 90 days of the meeting. The Board's decision to accept or reject such a resignation and the reasons for its decision will be disclosed by press release promptly in accordance with applicable securities regulations and, in any event, within 90 days of receipt of the resignation. A copy of the press release will be provided to the Toronto Stock Exchange ("**TSX**").

Subject to any corporate law restrictions, the Board may (i) leave a vacancy in the Board unfilled until the next annual general meeting; (ii) fill the vacancy by appointing a new director who the Board considers to merit the confidence of the Shareholders; or (iii) call a special meeting of Shareholders to consider new Board nominee(s) to fill the vacant position(s).

The Majority Voting Policy only applies in circumstances involving an uncontested election of directors. For the purpose of the Majority Voting Policy, an "uncontested election of directors" means that the number of nominees for election as a director is the same as the number of directors to be elected to the Board and that no proxy

material is circulated in support of one or more nominees who are not named as nominees in the applicable management information circular of the Corporation.

A copy of this policy can be found on the Corporation's website at www.aecon.com.

Advance Notice By-law (By-law No. 2)

At the annual meeting of Shareholders held on June 29, 2017, Shareholders approved By-law No. 2 to implement a policy requiring advance notice be given to the Corporation of Shareholder proposals relating to the nomination of directors (the "**Advance Notice Policy**"). The Advance Notice Policy requires a nominating Shareholder to provide notice to the Board of proposed director nominations not less than 30 days prior to the date of the applicable annual meeting. This advance notice period is intended to give the Corporation and Shareholders sufficient time to consider any proposed nominees.

A copy of this policy can be found on the Corporation's website at www.aecon.com.

Director Share Ownership Policy

The Corporation believes that it is important for its directors to have a significant stake in the Corporation to align their interests with those of the Shareholders. The Corporation's Director Share Ownership Policy was introduced in March 2012 and, as amended, requires that each director hold no less than five times the director's annual retainer in Common Shares or DSUs, such shares or DSUs to be owned within five years from the later of the policy's introduction or the date upon which the director joined the Board. In determining whether each director satisfies the threshold requirements of the Director Share Ownership Policy, the TSX closing price of the Common Shares as of April 5, 2019 has been used. As of the date of this Circular, each director of the Corporation satisfies (or has time remaining to satisfy) the threshold requirements of the Director Share Ownership Policy. As management members of the Board, Mr. Beck and Mr. Servranckx are not subject to the requirements of the Director Share Ownership Policy but are each required to adhere to the Senior Executive Share Ownership Policy. Please see "Managing Compensation Related Risk – Senior Executive Share Ownership Policy" in Section Three of this Circular for further details.

The following summary sets forth relevant information for each person proposed to be nominated for election as a director. Certain information set out below with respect to a nominee for election as a director is not within the knowledge of the Corporation and was provided by the respective nominee individually. Information as to the number of DSUs and Common Shares beneficially owned, or over which control or direction is exercised, directly or indirectly, not being within the direct knowledge of the Corporation, has been furnished by the respective directors individually or obtained from the System for Electronic Disclosure by Insiders ("**SEDI**") and may include Common Shares owned or controlled by spouses and/or children of such directors and/or companies controlled by the directors or their spouses and/or children.

⁽²⁾ While Mr. Rosenfeld currently serves on six public company boards, certain of those boards require more limited and/or minimal duties as his directorship is to represent a firm whose sole purpose is to manage a portfolio of investments which include such companies. Some of the boards that Mr. Rosenfeld serves on were formed as special purpose acquisition companies with no operations or were incorporated for the purpose of entering into a merger or other business combination; consequently Mr. Rosenfeld's board service with respect to those boards must be considered in the context of less burdensome time commitments once an acquisition has been completed. The CGNC Committee has determined that given the limited duties at certain of Mr. Rosenfeld's other public company boards and the absence of attendance concerns on such boards on which he serves, combined with the valuable contributions Mr. Rosenfeld has made as a director of the Corporation and with his complementary skillset and background to the rest of the Corporation's Board, Mr. Rosenfeld's service on other public company boards will not negatively impact his attendance, participation or effectiveness as a director of the Corporation.

The following matrix illustrates the overall experience of the current members of the Board and the new nominees to the Board in a variety of categories that are important to Aecon's business. Director Independence

National Instrument 58-101 – *Disclosure of Corporate Governance Practices ("NI 58-101")* and National Policy – 58-201 – *Corporate Governance Guidelines ("NP 58-201")* set out a series of Canadian Securities Administrators ("CSA") guidelines for effective corporate governance (collectively, the "CSA Guidelines"), including the criteria used in determining the independence of directors. The Board shall at all times be constituted of a majority of individuals who are independent within the meaning of the CSA Guidelines. Based on the information received

from each director of Aecon, the Board has concluded that all proposed directors, except John M. Beck and Jean-Louis Servranckx, are independent within the meaning of the CSA Guidelines.

As shown in the following table, 8 of 10 nominees for election to the Board are independent:

As at the financial year ended December 31, 2018, all of the members of the Audit Committee, CGNC Committee, Environmental, Health and Safety Committee (“**EHS Committee**”), and Risk Committee were considered “independent” under the CSA Guidelines. Please see Section Seven, “Corporate Governance Matters – Composition of the Board – Board Committees” of this Circular for additional details.

Director Attendance

The following table summarizes the attendance at Board and committee meetings held during the financial year ended December 31, 2018 of the individuals who served as directors of the Corporation in 2018. The Board expects the directors to attend all meetings of the Board and Board committees upon which they serve, to come to such meetings fully prepared and to remain in attendance for the duration of the meetings. Consideration is given to the attendance record of directors in assessing the nominees for election as directors to ensure that directors are able to continue to devote sufficient time to the business and affairs of the Corporation.

During the financial year ended December 31, 2018, each proposed nominee for election as a director who was serving as a director at the time attended at least 83% of the Board meetings held during the period that such individual was a director of the Corporation, each member of the Audit Committee attended 100% of the Audit Committee meetings held during the period that such individual was a member of the Audit Committee, each member of the CGNC Committee attended at least 83% of the CGNC Committee meetings held during the period that such individual was a member of the CGNC Committee, each member of the EHS Committee attended at least 75% of the EHS Committee meetings held during the period that such individual was a member of the EHS Committee and each member of the Risk Committee attended at least 75% of the Risk Committee meetings held during the period that such individual was a member of the Risk Committee. According to the Corporation’s by-laws, the quorum for the transaction of business at any meeting of the Board is at least 50% of the directors. In 2018, a quorum was met at every Board meeting held.

Director Summary Compensation Table

Director compensation is set by the Board on the recommendation of the CGNC Committee. The CGNC Committee seeks to maintain director compensation at a level that is competitive with director compensation at comparable companies.

In the latter half of 2016, the CGNC Committee retained independent compensation consultants Meridian Compensation Partners (“**Meridian**”) to provide independent advice to the CGNC Committee about director compensation and to undertake an updated review of the Corporation’s non-executive director pay program. Based on the results of the review, the CGNC Committee set the annual retainer, committee membership and chair retainers, lead director retainer, and meeting attendance fees for 2017 and 2018. The CGNC Committee also determined that the Audit Committee Chair, CGNC Committee Chair, and Risk Committee Chair retainers should be differentiated from the annual retainer paid to Chair of the EHS Committee in order to reflect the increased responsibility, risk and time commitment associated with serving as Chairs of these three Committees. Meridian concluded that Aecon’s distribution of total compensation elements is closely aligned with the Comparator Group (see Section Three, “Statement of Executive Compensation – Benchmarking”).

The following table sets forth the details regarding compensation paid to the Corporation’s non-management directors with respect to the financial year ended December 31, 2018:

Prospective Director Compensation Framework

In late 2018, the CGNC Committee retained Meridian to undertake another updated assessment of the Corporation’s current non-executive director compensation program, including presenting proposals to better align the program structure to current market best practices. Based on the results of the review presented to the CGNC Committee and the Board in the first quarter of 2019, the Board, on the recommendation of the CGNC Committee, adjusted the fixed-fee non-executive director compensation structure, including eliminating meeting attendance fees, as further explained below. Effective March 5, 2019, the non-executive director fee structure going forward will reflect the elimination of all meeting attendance fees, with adjustments to other elements of compensation as follows: (i) annual retainer increased to \$85,000; (ii) Lead Director retainer reduced to \$50,000; and (iii) Committee Member annual retainer increased to \$7,500. The objective of these prospective changes was to simplify and update the director compensation framework to align with best practices and current market

trends while maintaining or increasing the equity component of director compensation without increasing overall levels of director compensation.

Director Fee Compensation

The following table sets forth the details of each non-management director of the Corporation's fee remuneration for the financial year ended December 31, 2018:

	Fee (\$)

Chair of Risk Committee Annual Retainer	20,000
Committee Member Annual Retainer	4,000
Chair of Special Committee Retainer	30,000

From time to time, senior management of the Corporation requests that independent members of the Board participate in special meetings in their capacities as directors in order to both take advantage of their diverse skills and experiences and to provide input on behalf of the Board for which the directors receive a special meeting fee. In addition to special meetings of the Board in 2018 (primarily related to the proposed plan of arrangement between CCCC International Holding Limited ("CCCI") and 10465127 Canada Inc., as described in the Corporation's Annual Information Form (the "Arrangement")), the independent directors held an in-camera session at each Board and Committee meeting. The following table sets forth the breakdown of the non-management directors' fees earned for the financial year ended December 31, 2018.

Director DSU Awards

In May 2014, the Board modified the director compensation program by replacing stock option grants to non-management directors with a director deferred share unit plan (the "Director DSU Plan") in order to promote greater alignment of long-term interests between directors and the Shareholders of the Corporation. A DSU is a right to receive an amount of shares or cash from the Corporation equal to the value of one Common Share. DSU grants for directors are approved by the Board based on the recommendation of the CGNC Committee. The number of DSUs granted is based on competitive and market conditions, including share-based awards granted to directors of other corporations of comparable size and complexity to the Corporation.

The number of DSUs awarded to an eligible director is equal to the value awarded by the Corporation on an annual basis divided by the closing price of a Common Share on the TSX averaged over the five trading days prior to the date of the award. DSUs vest on the first business day following the date the director ceases to serve on the Board, thereby providing an equity stake in the Corporation throughout the director's term as a Board member. DSUs do not entitle the director to any voting or other Shareholder rights. Effective as of March 5, 2019, the DSU Plan was amended as part of the initiative to streamline and update the director compensation framework as more fully described above under "Prospective Director Compensation Framework". Directors now have an option to receive up to 40% (from 50%) of their annual retainer fee that is otherwise payable in cash in the form of DSUs, and the number of DSUs received by such electing director is equal to the value of the retainer fee that a director elects to receive in DSUs divided by the closing price of a Common Share on the TSX averaged over the five consecutive days prior to the date received. The Corporation maintains the option to settle Director DSUs by issuing shares from treasury or in cash or a combination of both.

The purpose of the Director DSU Plan is to assist the Corporation in attracting, retaining and motivating qualified individuals to serve as members of the Board and to further align the interests between eligible directors and the Shareholders of the Corporation. The current maximum number of Common Shares which may be issued pursuant to the Director DSU Plan is 750,000 (approximately 1.2% of the currently outstanding Common Shares (on a non-

diluted basis) (the “**Share Reserve**”)) of which 396,248 (or approximately 0.7% of the currently outstanding Common Shares on a non-diluted basis) remain available for issuance as of the date hereof. The total number of Common Shares issuable pursuant to actual grants of DSUs under the Director DSU Plan is 288,161 (0.5% of the Common Shares outstanding). Since the adoption of the Director DSU Plan, 353,752 DSUs have been granted to 10 current or former directors, each of whom are deemed at the time of the grant to be an insider of the Corporation.

The Board may grant awards of DSUs from time to time to each director designated by the CGNC Committee as eligible to participate in the plan. The DSUs are then credited to the participant’s account on the award date. In any particular year the Board may, in its sole discretion, determine not to make an award to a particular eligible director or to all eligible directors as a group. See “Matters to be Acted Upon at the Meeting – Election of Directors” for details on the amount of DSUs held by each of the directors of the Corporation.

The Corporation may, in its absolute discretion, elect one or any combination of the following payment methods for the DSUs credited to a participant’s account following the participant’s termination date: (a) pay cash, equal to the number of DSUs credited to the participant’s account multiplied by the fair market value of the shares, to the participant or the participant’s legal representative, as the case may be; (b) issue new Common Shares to the participant or the participant’s legal representative, as the case may be; (c) purchase Common Shares on the TSX through an independent intermediary for the account of the participant or the participant’s legal representative, as the case may be; or (d) provide notice in writing to the participant or the participant’s legal representative, as the case may be, as to the deferral of payment and as to the date such payment is actually to be made.

No one participant may receive any DSU award or be credited with DSUs which, together with all DSUs held by such participant would permit such participant to be issued a number of Common Shares which is greater than 4.0% of the total outstanding Common Shares. The value of DSUs or other share units or options granted to any one Director DSU Plan participant within each calendar year, under all security based compensation arrangements of the Corporation, shall not exceed \$150,000. The maximum number of Common Shares which may be issued to insiders under the Director DSU Plan within a one-year period or which may be issuable to insiders at any time, under all security based compensation arrangements of the Corporation, shall be 4.0% of the Common Shares outstanding at the time of the issuance. Any increase in the Common Shares reserved shall be subject to the approval of the Shareholders of the Company in accordance with the rules of the TSX.

The Board may, without Shareholder approval, make any amendments to the Director DSU Plan including, but not limited to, those (i) necessary to ensure that the Director DSU Plan complies with applicable law and regulatory requirements; (ii) respecting administration of the Director DSU Plan and eligibility for participation; (iii) respecting the terms and conditions on which DSUs may be granted; (iv) concerning the addition of, and any subsequent amendment to, any financial assistance provision; (v) that are of a “housekeeping” nature; and (vi) that do not require Shareholder approval under applicable laws or regulatory requirements.

Notwithstanding the foregoing, the following changes to the Director DSU Plan will require Shareholder approval in accordance with the requirements of the TSX: (i) any increased in the maximum number of Common Shares issuable from treasury; (ii) any change in the definition of “Share Price” which would result in an increase in the value of DSUs; (iii) any change in the term of any DSUs; (iv) an amendment to the amending provisions of the Director DSU Plan so as to increase the Board’s ability to amend the Director DSU Plan without Shareholder approval; (v) any change to the categories of individuals eligible to be selected for grants of DSUs where such change may broaden or increase the participation of insiders under the plan; (vi) any amendment to remove or exceed the Insider participation limits; or (vii) an amendment that would permit DSUs to be transferrable or assignable other than for normal estate settlement purposes.

Except as required by law, the rights of a participant under the Director DSU Plan are not capable of being anticipated, assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the Participant.

Director Option Awards

As discussed above, starting in May 2014 the Board replaced stock option grants to non-management directors with the Director DSU Plan in order to promote greater alignment of long-term interests between directors and

the Shareholders of the Corporation. Prior to 2014, each director of the Corporation was eligible to participate in the stock option plan (the “**Option Plan**”). Option grants for directors were approved by the Board based on the recommendations of the CGNC Committee. The number of stock options granted was based on competitive and market conditions, including options awarded to directors of other corporations of comparable size and complexity to the Corporation.

There were a total of six director option grants from 1998 to 2013. If a director had been in place since 1998, as at December 31, 2014, such director would have received a total of 350,000 options being 75,000 in 2000; 100,000 in 2006; 100,000 in 2008; 25,000 in 2011; 20,000 in 2012; and 30,000 in 2013. On March 14, 2018, Michael A. Butt, Anthony P. Franceschini, J.D. Hole and Hon. Brian V. Tobin, P.C., O.C., each holding an aggregate of 30,000 options, which were previous grants of stock options under the Option Plan, exercised such options. Following such date, no options were outstanding under the Option Plan.

Value Vested or Earned During the Financial Year Ended December 31, 2018

Other than as set forth in the following table, the non-management directors did not earn any amounts pursuant to option-based plans, share-based plans or non-equity incentive plans in 2018, nor did any value vest to any non-management directors pursuant to such plans during the financial year ended December 31, 2018.

MATTER 2: ADVISORY VOTE ON EXECUTIVE COMPENSATION (“SAY-ON-PAY VOTE”)

The Corporation’s compensation policies and procedures are based on the principle of pay for performance. The Board believes they align the interests of the Corporation’s executive team with the long-term interests of the Shareholders. The Board also believes that Shareholders should have the opportunity to fully understand the objectives, philosophy and principles used in its approach to executive compensation decisions and to have an advisory vote on the Board’s approach to executive compensation. This non-binding advisory Shareholder vote, commonly known as “Say-on-Pay”, gives each Shareholder an opportunity to either endorse or not endorse the Corporation’s approach to its executive pay program and policies through the following resolution:

“Resolved, on an advisory basis and not to diminish the role and responsibilities of the Board, that the Shareholders accept the approach to executive compensation disclosed in this management information circular delivered in advance of the 2019 annual meeting of Shareholders of the Corporation.”

Approval of the above resolution will require an affirmative vote of a majority of the votes cast at the Meeting.

The purpose of the Say-on-Pay advisory vote is to provide appropriate director accountability to the Shareholders of the Corporation for the Board’s compensation decisions by giving Shareholders a formal opportunity to provide their views on the disclosed objectives of the executive compensation plans, and on the plans themselves, for the past, current and future fiscal years.

While Shareholders will provide their collective advisory vote, the directors of the Corporation remain fully responsible for their compensation decisions and are not relieved of these responsibilities by a positive advisory vote by Shareholders.

As this is an advisory vote, the results will not be binding upon the Board. However, the Board will take the results of the vote into account, as appropriate, when considering future compensation policies, procedures and decisions and in determining whether there is a need to significantly increase their engagement with Shareholders on compensation and related matters. The Corporation will disclose the results of the Say-on-Pay vote as a part of its report on voting results for the Meeting.

In the event that a significant number of Shareholders oppose the resolution, the Chairman of the Board, Chair of the CGNC Committee and Lead Director will oversee a consultation process with the Shareholders, particularly those who are known to have voted against it, in order to better understand their concerns. The CGNC Committee will review the Corporation’s approach to compensation in the context of those concerns. Shareholders who have voted against the resolution will be encouraged to contact the Lead Director to discuss their specific concerns.

Following the review by the CGNC Committee, the Corporation will disclose to Shareholders a summary of the significant comments relating to compensation received from Shareholders in the process, a description of the process undertaken and a description of any resulting changes to executive compensation or why no changes will be made. The Corporation will provide this disclosure within six months of the Say-on-Pay vote, and no later than in the management information circular for its next annual meeting.

The Board recognizes that Say-on-Pay is an evolving area in Canada and globally and will review this policy annually to ensure that it is effective in achieving its objectives.

The results of the Say-on-Pay advisory vote will be disclosed as part of the report on voting results for the Meeting. The Board is pleased that the Corporation’s Shareholders supported its executive compensation approach in 2017 by using their Say-on-Pay to vote 94.7% “FOR” and 5.3% “AGAINST” at the 2018 annual meeting of Shareholders.

THE BOARD RECOMMENDS A VOTE FOR THE CORPORATION’S APPROACH TO EXECUTIVE COMPENSATION, AS DESCRIBED IN THE “STATEMENT OF EXECUTIVE COMPENSATION” IN THIS CIRCULAR.

MATTER 3: APPOINTMENT AND REMUNERATION OF AUDITORS

The Shareholders will be asked at the Meeting to pass a resolution confirming the re-appointment of PricewaterhouseCoopers LLP, Chartered Accountants, of 18 York Street, Suite 2600, Toronto, Ontario, Canada M5J 0B2 as auditors of the Corporation. PricewaterhouseCoopers LLP were the Corporation's auditors for the financial year ended December 31, 2018.

More detailed information respecting the Corporation's Audit Committee and audit-related fees paid to the external auditors for the financial year ended December 31, 2018 can be found in the Corporation's Annual Information Form dated March 26, 2019 (Audit Committee – External Auditor Service Fees) which is available for review under the Corporation's SEDAR profile at www.sedar.com.

THE BOARD RECOMMENDS A VOTE FOR THE RE-APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS AUDITORS OF THE CORPORATION FOR THE FINANCIAL YEAR ENDING DECEMBER 31, 2019 AND AUTHORIZING THE BOARD TO FIX THE AUDITORS' REMUNERATION.

SECTION THREE – STATEMENT OF EXECUTIVE COMPENSATION

For the financial year ended December 31, 2018, the Corporation had six named executive officers (“NEOs”), namely: (i) John M. Beck, Executive Chairman and former President and Chief Executive Officer; (ii) Jean-Louis Servranckx, President and Chief Executive Officer; (iii) David Smales, Executive Vice President and Chief Financial Officer; (iv) Steven Nackan, Executive Vice President and President, Aecon Concessions; (v) Yonni Fushman, Executive Vice President, Chief Legal Officer and Secretary; and (vi) Mark Scherer, Executive Vice-President, Aecon Industrial. The objective of the below disclosure is to communicate to Shareholders the compensation that the Corporation paid to its NEOs for the financial year ended December 31, 2018, to provide insight into executive compensation as a key aspect of the overall stewardship and governance of the Corporation, and to inform Shareholders as to how decisions about executive compensation matters relating to the Corporation are made.

COMPENSATION COMMITTEE REPORT

The CGNC Committee has reviewed and discussed with management the following Compensation Discussion and Analysis. Based on that review and discussion, the CGNC Committee has recommended to the Board that the following Compensation Discussion and Analysis be included in this Circular.

COMPENSATION DISCUSSION AND ANALYSIS

Corporate Governance, Nominating and Compensation Committee

Composition

As of the date of this Circular, the CGNC Committee is comprised of three members of the Board, namely: (i) Joseph A. Carrabba; (ii) Susan Wolburgh Jenah (Chair); and (iii) Monica Sloan, none of whom is eligible to participate in the Corporation’s executive compensation programs. No member of the CGNC Committee is an officer, employee or former officer or employee of the Corporation or any of its affiliates and each is considered “independent” of the Corporation within the meaning of the CSA Guidelines.

The CGNC Committee is responsible for oversight of the Corporation’s compensation plans, including conducting regular reviews of the Corporation’s compensation philosophy and developing and fostering a compensation policy that rewards the creation of Shareholder value and reflects an appropriate balance between short and long-term performance. With respect to compensation matters, the CGNC Committee makes recommendations to the Board on all aspects of executive compensation relating to the Corporation, particularly those regarding executive officers, including salary amount and salary structure for executives and employees, bonus awards, stock option grants, and incentive plans and policies. In early 2019, Meridian, the independent compensation consultant to the CGNC Committee, conducted an assessment of competitive positioning of Aecon’s executive compensation relative to the Comparator Group. The Comparator Group was recommended by Meridian (see “Benchmarking”, below, for a detailed discussion of the selection process and criteria used to establish the Comparator Group). As part of this review, Meridian considered the levels and mix of NEO compensation.

Executive Compensation Experience and Expertise of the CGNC Committee

Joseph A. Carrabba is the former Chairman, President and Chief Executive Officer of Cliffs Natural Resources Inc. He has served in various leadership and executive positions in the mining industry for over 20 years. Susan Wolburgh Jenah served as the founding president and CEO of the Investment Industry Regulatory Organization of Canada and has years of experience serving on corporate and governing boards. She currently serves as a director of the Laurentian Bank of Canada, of NEO Exchange and of Aequitas Innovations, as well as a Public Governor of the U.S. Financial Industry Regulatory Authority (FINRA) and is ICD.D certified. Monica Sloan is the former Chief Executive Officer and Managing Director of Intervera Ltd. and has broad leadership experience. She also served as a director at Methanex Corporation from 2003 to 2016, serving as Chair of the corporate governance and nominating committee from 2010 to 2015, and is ICD.D certified. As such, each member of the CGNC Committee has significant experience and expertise in executive compensation.

Objectives of Executive Compensation Program and Strategy

The nature of the industry in which Aecon participates is centred on delivering successful projects to clients with positive financial results to the Corporation. The importance placed on performance and delivering positive financial results is woven through Aecon's executive compensation philosophy, which ensures that total compensation for its NEOs is competitive and directly linked to the actual performance results of both the individual officer and the Corporation. The objective of the Corporation's compensation policy is to attract, retain and motivate highly-competent individuals who can ensure the current and long-term success of the Corporation. The Corporation's NEO compensation program is designed to reward NEOs for delivering positive financial results, which has the consequential effect of increasing Shareholder value, achieving superior corporate performance, improving operations and executing on corporate strategy. The same performance-driven results approach is taken by the Corporation with respect to the compensation of management personnel other than the NEOs.

The CGNC Committee and the Board, working together with management, have been successful in assembling an executive team that has developed the strategic priorities of the Corporation and have made progress towards achieving these objectives over the past several years. The CGNC Committee plays a key role in supporting the Board in its oversight of succession planning (see "Succession Planning" in Section Seven of this Circular). At the corporate level, the CGNC Committee believes that Jean-Louis Servranckx, President and Chief Executive Officer, is ably backed by a strong team of executives.

The Corporation has two operating segments: (i) Construction, which includes all aspects of the construction of both public and private infrastructure, primarily in Canada, and on a selected basis, internationally and focuses primarily on the civil infrastructure, urban transportation systems, nuclear power infrastructure, utility infrastructure and conventional industrial infrastructure market sectors; and (ii) Concessions, which includes the development, financing, build and operation of construction projects by way of build-operate-transfer, build-own-operate-transfer and other public-private partnership contract structures. Each business unit under each operating segment is directed by a senior executive officer who reports directly to the President and Chief Executive Officer. The objective of the Corporation's operating structure is to implement and maintain strong executive teams at the operating segment level while realizing synergies under the direction of the President and Chief Executive Officer. Furthermore, the Corporation has established an executive committee (the "**Executive Committee**") comprised of key corporate executives and headed by the President and Chief Executive Officer. The Executive Committee is charged with developing, implementing and coordinating the goals and strategy of the Corporation.

Benchmarking

The CGNC Committee benchmarks compensation against a comparator group (the "**Comparator Group**"), which is comprised of publicly traded construction and engineering, auto parts and equipment, machinery, energy equipment and services, environmental and facilities services, professional services and metal fabricating companies that are of comparable size, scope, market presence and/or complexity to the Corporation and that comprise the Corporation's primary competition for talent and for customers. The Corporation is positioned approximately at the median of the Comparator Group, which is mostly comprised of companies ranging from approximately one third to three times the size of the Corporation, on the primary basis of revenue, with assets and market capitalization used as secondary lenses. The Comparator Group was recommended by the CGNC Committee's independent compensation consultant, Meridian, and approved by the CGNC Committee, taking into account the Corporation's direct competitors for executive talent. The Comparator Group includes high performance companies, market share leaders, innovators, and businesses with desirable cultures and recognized management talent. Some U.S. competitors are included in the Comparator Group in order to capture a sufficient number of companies of comparable size, complexity and pool of talent due to the limited number of comparable publicly traded construction and infrastructure companies in Canada. The Corporation does not target compensation to a particular level but uses benchmarking as a reference in setting compensation.

The primary function of the Comparator Group is to provide the CGNC Committee with benchmarking data regarding compensation levels and the mix of fixed versus variable compensation. The CGNC Committee also considers the overall design of the Corporation's executive compensation programs in relation to the compensation practices of the Corporation's major privately-owned competitors. See "Competitor Incentive Plans" in this Section Three for details regarding the Corporation's LTIP design in light of relevant industry trends.

The following table sets out the Corporation's 2018 Comparator Group companies:

Company	2018 Revenue (\$M)	Company	2018 Revenue (\$M)
Aecon Group Inc.	3,003	MasTec, Inc.	6,595
Bird Construction Inc.	1,361	Primoris Services Corporation	2,641
Canadian Pacific Railway	7,316	Quanta Services, Inc.	10,538
Canam Group Inc.	N/A	ShawCor Ltd.	1,483
Dycom Industries Inc.	2,879	SNC-Lavalin Group Inc.	10,439
Emcor Group Inc.	7,914	Stantec Inc.	3,491
Finning International Inc.	6,896	Stuart Olson Inc.	1,021
Granite Construction Incorporated	3,227	Toromont Industries Ltd.	3,361
KBR Inc.	4,520	Tutor Perini Corp.	4,464
Linamar Corporation	7,463	Wajax Corp.	1,469
Martinrea International Inc.	3,615	WSP Global Inc.	7,819

In 2019, upon the recommendation of the Company's independent compensation consultant, Meridian, and the CGNC Committee, the Board approved the removal of Canam Group Inc. (in light of Canam's recent going-private transaction) as well as Canadian Pacific Railway (due to its size and market capitalization) from the Comparator Group and agreed to replace the two peer companies with HC2 Holdings, Inc. and Tetra Tech, Inc. based on the relative sizing screen for the Comparator Group. Executive compensation programs for 2019 will be benchmarked against this new Comparator Group. See "Compensation Discussion and Analysis – Independent Advice" in this Section Three for further details regarding Meridian's review.

Independent Advice

In the latter half of 2016, the CGNC Committee retained Meridian as its independent compensation consultant to provide independent advice to the CGNC Committee about director compensation, the Corporation's non-executive director pay program, the composition of the Comparator Group, and the Corporation's executive compensation programs for 2017 and 2018 benchmarked against the 2018 Comparator Group. The CGNC Committee also consulted with Meridian on specific compensation-related matters in 2018 and engaged Meridian for a comprehensive review of the Comparator Group, director compensation and executive compensation in 2019. Meridian does not provide any services to management of the Corporation.

In 2018, management retained Willis Towers Watson to provide ad hoc independent advice in connection with matters related to pension benefits and employee share ownership. All consulting and advisory services provided by, and fees paid to, compensation consultants at the request of management not related to executive compensation were pre-approved by the CGNC Committee.

The table below reports the fees paid by the CGNC Committee to independent compensation consultants in the 2018 and 2017 financial years. Other than the services described above with respect to compensation matters, no additional services were provided to the Corporation by independent compensation consultants. Meridian and Willis Towers Watson were each originally retained as an independent consultant in 2011.

Consultant	Type of Fees	2018	2017
Meridian	Executive compensation-related fees	\$19,362	\$12,129
	All other fees	Nil	Nil
Willis Towers Watson	Executive compensation-related fees	Nil	Nil
	All other fees	\$18,422	\$28,677

MANAGING COMPENSATION RELATED RISK

General Compensation Policies and Practices

The CGNC Committee is actively involved in the risk oversight of the Corporation's compensation policies and practices and considers the implications of the risks associated with the Corporation's compensation policies and practices. Managing enterprise risk is embedded in all of the Corporation's key decisions and the Board directly approves all significant projects undertaken by the Corporation.

The Corporation uses the following practices to discourage or mitigate excessive risk-taking:

- the Board approves the Corporation’s strategic business plan, financial and other targets and forecasts, which are considered in the context of assessing performance and awarding incentives, before the start of each year;
- the Risk Committee of the Board oversees the overall framework for managing of project risks arising from the Corporation’s operations and business it undertakes with clients and oversees the Corporation’s enterprise risk management (“ERM”) policies, programs, and practices;
- incentive awards for divisional employees are based on division-wide and company-wide actual financial results, personal performance and safety records and the short-term incentive plan (“STIP”) pools are capped at a fixed percentage of operating profit;
- incentive awards for corporate employees are based on company-wide actual financial results and personal performance and the STIP pools are capped at a fixed percentage of the Corporation’s earnings before taxes;
- there is a performance element of 12.5% of the STIP award for NEOs tied to a financial metric as well as personal performance;
- there is an appropriate mix of pay, including fixed and performance-based compensation with short and long term performance conditions;
- the Corporation has share ownership requirements for NEOs and expressly prohibits hedging of Common Shares and hedging of share-based compensation awards;
- the Corporation has a clawback policy which allows it to require repayment of incentive compensation under certain circumstances (see “Clawback Policy” below);
- cash is not paid under the Corporation’s annual incentive plans until achievement of the relevant financial results has been confirmed by the audited financial statements;
- the Corporation’s performance-based long-term incentive programs include RSUs which vest over three years and DSUs which vest at the end of employment. The RSUs are granted annually with overlapping vesting periods. These programs ensure that executives remain exposed to the risks of their decisions and that vesting periods align with risk realization periods;
- the Corporation’s Senior Executive Share Ownership Policy requires certain executive officers to hold two to five times their base salary in Shares, RSUs or DSUs as described in more detail under the heading “Managing Compensation Related Risk - Senior Executive Share Ownership Policy” in this Section Three;
- the Board is responsible for assessing and monitoring the Corporation’s enterprise risks. Accordingly, the CGNC Committee has direct information respecting the Corporation’s enterprise risk when making compensation decisions;
- the Audit Committee, the CGNC Committee, and the Risk Committee meet annually to confirm that the Corporation’s compensation plans align with the identified risks; and
- the CGNC Committee maintains overall discretion to adjust annual incentive payments to take into account both unexpected and extraordinary events.

Pursuant to the CGNC Committee’s review of its compensation plans, it has concluded that there are no identified risks arising from its compensation programs that are reasonably likely to have a material adverse effect on the Corporation.

Board Oversight of Risk

As part of its oversight duties, the Board examines current conditions such as the macroeconomic environment, size, nature and unique characteristics of the construction and infrastructure development industry, geographic markets and the basis, size and strength of the Corporation’s competition on an ongoing basis.

The Board, working closely with management, also identifies, categorizes, analyses and prioritizes risks. To assist the Board, management has compiled a list of over 120 risks that the Corporation faces across ten categories, including: financial, hazard, strategic, operational, human resources, third party liability, environmental health and

safety, governance, information technology and policy and reputational risks. Additionally, management has developed a detailed colour-coded heat map used to pictorially prioritize risks along the lines of severity, likelihood and ability to mitigate. The heat map ranks uncontrolled and residual risks according to severity.

The Board also plays an active role in determining risk capacity, risk tolerance and risk appetite by (i) assessing the Corporation's balance sheet and quantifying the Corporation's debt capacity; (ii) assessing the Corporation's strength and position within its industry; and (iii) considering the desired rate of return on a particular project or transaction.

The Corporation, overseen by the Board, has implemented a number of proactive strategies to mitigate risk, including developing a sound succession plan, carrying appropriate levels of insurance, vetting all major projects and subcontractors, limiting major capital expenditures and limiting major contracts to highly credit-worthy parties. The Corporation's Bidding Requirements Policy establishes the framework for the review and approval of projects and strategic partners to ensure that proposal teams carry out an appropriate level of commercial, legal and risk review. The Corporation's Operational Risk Committee meets monthly to discuss the current status of significant ongoing projects. The Corporation's Project Review Committee meets weekly to identify risks and vet major projects prior to bid pre-qualifications and bid submissions. The Corporation's Commercial Risk Committee reviews the most significant risks of major projects from a multi-disciplinary perspective prior to review by the Project Review Committee. Because a significant proportion of the Corporation's revenue is derived from major projects that must be approved by the Board, the Board is responsible for approving projects that comprise the Corporation's main revenue source. The Board also receives regular reports from members of the Executive Committee, which meets bi-weekly to discuss key strategic and business issues and opportunities, financial performance and results, operational issues, key business services and safety matters.

The Risk Committee, created by the Board in 2015, provides greater focus and oversight of the above-described risk programs. It oversees general enterprise risk and compliance initiatives and procedures of the Corporation to manage the significant risks to which the Corporation is exposed. The Risk Committee also monitors and reviews the Corporation's risk management performance, ethics, governance, and compliance.

Clawback Policy

As part of Aecon's compensation framework for employees, which is intended to align compensation with the creation of long-term Shareholder value without encouraging excessive risk-taking, Aecon implemented and maintains a clawback policy (the "**Clawback Policy**"). Under the terms of the Clawback Policy, all executive compensation awards are subject to clawback when (i) there is an error in reporting financial results (whether that error is deliberate or not) which leads to the correction or restatement of financial results, (ii) a senior executive receives an award calculated on the achievement of those financial results, and (iii) the award received would have been lower had the financial results been properly reported. The Clawback Policy further provides that a clawback may be triggered if a senior executive has committed a material breach of the Corporation's Code of Ethics and Business Conduct. The Corporation is committed to the highest ethical standards and consequently all breaches of the Corporation's anti-corruption and anti-bribery policies will be considered to be material breaches of the Corporation's Code of Ethics and Business Conduct for the purposes of the Clawback Policy.

The Clawback Policy requires that when a clawback is triggered, all incentive payments received by the senior executive over the 24 months preceding the triggering event are subject to clawback as determined by the CGNC Committee. The CGNC Committee will take into consideration which senior executives, on an individual or group basis, will be impacted and to what extent based on specific circumstances.

Hedging Prohibition

The Corporation maintains a policy prohibiting senior executives and directors from, among other things, entering into speculative transactions and transactions designed to hedge or offset a decrease in market value of Common Shares or share-based incentive awards. Accordingly, senior executives and directors may not sell short, buy put options or sell call options on the Common Shares or purchase financial instruments (including prepaid variable contracts, equity swaps, collars or units of exchange funds) which hedge or offset a decrease in market value of the Common Shares.

Senior Executive Share Ownership Policy

The Corporation has a Senior Executive Share Ownership Policy pursuant to which the Corporation's senior executives are required to hold Shares, RSUs and DSUs with an aggregate value as follows:

Executive Chairman	5x annual base salary
Chief Executive Officer	5x annual base salary
Executive Vice Presidents	3x annual base salary
Senior Vice Presidents	2x annual base salary

This requirement must be met by the later of 2017 and within five years of appointment. As of April 5, 2019, the value of Common Shares, RSUs and DSUs held by Jean-Louis Servranckx, the President and Chief Executive Officer was \$491,371 or 0.5 times his base salary for the year ending December 31, 2018 and the value of Common Shares, RSUs and DSUs held by John Beck, the Executive Chairman was \$9,046,387 or 11.3 times his base salary for the year ending December 31, 2018. Mr. Servranckx has until September 4, 2023 to satisfy the Senior Executive Share Ownership Policy; all other NEOs currently satisfy the policy.

Equity Participation Programs

A critical element of executive compensation is equity participation by senior executives of the Corporation. The CGNC Committee believes that senior executives must be motivated not only to improve financial results, but also the Corporation's share price over the long-term for the benefit of Shareholders. Senior executives are required to own a significant number of Common Shares pursuant to the Senior Executive Share Ownership Policy.

Long-term incentive compensation for senior executives (including the NEOs) is provided through the Corporation's long-term incentive plan. Awards granted pursuant to the Management LTIP are in the form of performance-based DSUs or RSUs.

ELEMENTS OF COMPENSATION

Total compensation for NEOs consists of four principal components: (i) base salary; (ii) incentive bonus awards pursuant to the STIP linked directly to the individual's performance and the Corporation's performance and financial results; (iii) equity participation pursuant to the Management LTIP; and (iv) pension and other benefits. Each component has a different function, as described in greater detail below, but all elements work together to reward the NEOs appropriately for individual and corporate performance. Base salary generally forms a significant portion of an NEO's total compensation. However, bonus awards and equity-based compensation have the potential to be significant elements of an NEO's total compensation as the Corporation's performance and financial results improve or as its Common Share price appreciates.

In making compensation recommendations to the Board in respect of any financial year, the CGNC Committee reviews the financial results achieved by the Corporation and management's performance in achieving goals and strategic targets set by the Corporation from time to time. The individual performance factor for the CEO and CFO positions is based on an individual assessment reviewed and approved by the CGNC Committee. The CGNC Committee uses the individual assessment as a factor in evaluating the individual's performance against objectives and in setting compensation. In addition, the CGNC Committee and the Board maintain overall discretion to reduce or increase the size of the variable portion of the total compensation in extraordinary circumstances, such as material changes in business performance, major regulatory changes or risk failures, exceptional achievements by a particular NEO or to address unique or unexpected market events.

In the 2018 financial year, the total compensation of the NEOs as a group was comprised, on average, of base salary (18.3%), performance-based cash incentive bonus awards (22.4%), equity participation programs (28.6%) (comprised of Management LTIP awards), other compensation and taxable and other benefits (29.7%) and pension benefits (1.0%).

Base Salary

Base salaries are considered an essential element in attracting and retaining the Corporation's senior executives, including the NEOs. Base salaries for 2018 were consistent with determinations made in previous years and were determined based on the skill, ability, experience and contributions of the individual executive, the need to attract

and retain executives and recommended base salary ranges applicable to executive positions (from time to time, as appropriate, the CGNC Committee has engaged independent compensation consultants as an additional source of information in making its compensation recommendations). As most construction companies comparable to the Corporation are privately owned or are divisions of large public companies, there is limited comparative compensation information available to the CGNC Committee and the Board in order to assist them in determining levels of compensation for the NEOs. Notwithstanding the foregoing, the CGNC Committee believes that the base salaries of the NEOs are competitive with industry norms and consistent with public companies having comparable revenues to that of the Corporation. The CGNC Committee's executive compensation philosophy has been to reward the scope and responsibilities of the executive roles with target positions at the market median range of the Corporation's Comparator Group.

Bonus Awards

The Corporation's performance-linked STIP is designed to reward eligible employees, including NEOs, for the achievement of critical financial metrics, safety objectives and individual performance during the previous financial year.

In connection with the Corporation's STIP program, the CGNC Committee establishes a capped performance-linked profit-sharing pool (the "**Profit-sharing Pool**") for employees. The Profit-sharing Pool is comprised of a fixed percentage of the Corporation's actual earnings before taxes in the most recently completed financial year, which the CGNC Committee believes is an objective and fair measure of the Corporation's financial performance. For 2018, the Profit-sharing Pool was comprised of (i) 5% of the Corporation's earnings before taxes, and (ii) 18% of the Corporation's operating profit. Each employee is assigned a number of points based on his or her role at the Corporation. At the end of the fiscal year, 80% of the Profit-sharing Pool is divided by the total number of profit sharing points of all employees to determine the point value in dollars. Each employee's awarded profit-sharing points are then multiplied by point values to determine the quantum of the target annual bonus (the "**Target STIP**"). The remaining 20% of the Profit-sharing Pool is reserved for discretionary awards (the "**Discretionary Pool**").

Each NEO's formula-driven Target STIP is adjusted up or down to reflect achievement of the Corporation's financial targets and the safety metrics, a key indicator widely used to measure operational performance in the construction industry.

In determining whether, and to what extent, an NEO merits an increase to Target STIP from the Discretionary Pool, the CGNC Committee considers a number of factors, including the NEO's personal achievements in the prior year, the NEO's leadership, including the ability to retain and recruit key personnel and model the Corporation's culture of respect and inclusion, any special skills or knowledge that the NEO may possess which the CGNC Committee deems to be critical to the ongoing success of the Corporation, as well as internal and external pay equity considerations. The combination of formulaic and discretionary components to STIP allow the Corporation to achieve a high degree of consistency and predictability while also providing the CGNC Committee with the flexibility to make adjustments where appropriate in the best interests of the Corporation.

The CGNC Committee has, from time to time, considered various alternative STIP award design plans, including STIP award caps as a target of base salary. STIP award caps were ultimately determined to be an impediment to attracting and retaining top talent, misaligned with Shareholders' interest in optimizing profitability, and incompatible with the seasonal nature of the construction business in Canada, in which peak effort is required in the fourth quarter, when a cap, if applicable, would be most likely to limit the incentive to overperform. Moreover, capped STIP awards are generally seen as a disincentive to the entrepreneurial spirit which is key to success in the industry in which the Corporation operates. The CGNC Committee believes that the current performance-linked approach is an effective method to create value for Shareholders over both the short and long-term, but periodically and proactively reviews the Corporation's STIP design to ensure it is continuing to properly incent performance.

As illustrated in the Summary Compensation Table below, the STIP awards earned by Aecon's NEOs in 2018 were generally higher than those earned in 2017. This trend was true for executives in the corporate office and across all operating segments as the Corporation's financial performance, in particular earnings before taxes, exceeded the financial results achieved in 2017.

Management Long-Term Incentive Plan

Competitor Incentive Plans

The CGNC Committee considers the competitive landscape of the Canadian and U.S. construction market, which is dominated by large private companies with straightforward equity plans that have been proven successful in attracting and retaining top talent. While the CGNC Committee monitors compensation design trends in the broader market, its assessment of the Corporation's plan design is heavily weighted toward ensuring that the Corporation is able to effectively compete against large Canadian and U.S. private construction companies for the key personnel whose contributions drive the financial results of the Corporation. That approach is increasingly important as the Corporation's portfolio of projects increases in scale and complexity, requiring the Corporation to recruit top talent from across North America and internationally. The CGNC Committee is satisfied that the design of the Corporation's compensation practices, and in particular the Management LTIP, described in detail below, have been effective in achieving that goal. The CGNC Committee will continue to actively consider both overall public company market trends as well as the pay practices of the Corporation's primary competitors in assessing the Corporation's approach to compensation.

DSUs and RSUs

The performance-linked DSU and RSU awards that Aecon grants under its Management LTIP are designed to (i) focus senior executives on the long-term financial performance of the Corporation, (ii) serve as a retention tool for select executives by providing a financial disincentive for Management LTIP participants to leave the Corporation prematurely, and (iii) better align the interests of senior executives with those of Shareholders. The level of DSU and RSU awards granted each year under the Management LTIP are based on the Corporation's performance and financial results over a rolling three-year period and performance of the senior executive and feature vesting periods that extend well into the future.

DSUs and RSUs represent the right to receive one common share or the market value thereof in cash. The Management LTIP, which is open to a limited number of senior executives of the Corporation, is funded based on 10% of Aecon's earnings before interest and taxes over a rolling three-year period. Within the fixed pool, there are bands corresponding to the seniority and position of each senior executive, and each such band is defined by a range of potential award quantum. Until a senior executive achieves a certain ratio of DSUs to annual base salary, the performance-linked awards under the Management LTIP will be in the form of 50% DSUs and 50% RSUs until such participant has reached the requisite threshold value of DSUs held. The portion of any award exceeding the threshold will be provided entirely in the form of RSUs.

DSUs do not vest until a senior executive's retirement, or upon other cessations of employment such as termination without cause. RSUs vest over a three-year period. DSU and RSU awards are forfeited if the senior executive resigns his or her employment with Aecon before a certain age or is terminated, for cause in the case of DSUs, or for any reason in the case of RSUs. The specific vesting conditions shall be determined by the directors, and the minimum vesting period for RSUs and DSUs is three months from the date of award. The Board believes that the DSUs and RSUs granted pursuant to the Management LTIP align the interests of key senior executives to the long-term interests of Shareholders.

For each fiscal year, the CGNC Committee will approve a notional long-term incentive plan pool (the "LTIP Pool") equal to 10% of the Corporation's average earnings before interest and taxes (EBIT) over the trailing three years. The total number of Common Shares issuable pursuant to DSUs under the Management LTIP is 1,999,359 and the total number of Common Shares issuable pursuant to RSUs under the Management LTIP is 1,005,562. The number of Common Shares issuable pursuant to actual grants of DSUs in respect of 2018 performance under the Management LTIP is 125,133 and the number of Common Shares issuable pursuant to actual grants of RSUs in 2018 under the Management LTIP is 490,088 whereas the number of DSUs and RSUs that vested into Common Shares or cash in 2018 under the Management LTIP was 960,694. Since the adoption of the Management LTIP, 1,820,739 DSUs and 1,715,048 RSUs have vested into Common Shares (approximately 2.3% and 2.0%, respectively, of the currently outstanding Common Shares (on a non-diluted basis)).

The number of DSUs and RSUs awarded to a participant in respect of the LTIP Pool will be determined by dividing the participant's initial award, as determined by the CGNC Committee, by the fair market value of the DSUs or

RSUs on the applicable award date. The fair market value is the volume weighted average trading price per Common Share on the TSX during the immediately preceding five trading days. Under no circumstances shall DSUs or RSUs be considered Common Shares, nor shall they entitle any participant or other person to exercise voting rights or any other rights attaching to the ownership of Common Shares. Awards previously granted shall be adjusted upwards for cash dividends paid with respect to the underlying Common Shares.

The maximum number of shares that may be issued pursuant to the plan and all other security based compensation arrangements of the Corporation is 4.0% of the Corporation's total outstanding shares. As a result, should the Corporation issue additional Common Shares in the future, the number of Common Shares issuable under the Management LTIP will increase accordingly. The Management LTIP is considered an "evergreen" plan, since the Common Shares covered by DSUs and RSUs which have vested shall be available for subsequent grants under the Management LTIP and DSUs and RSUs available to grant increase as the number of issued and outstanding Common Shares of the Corporation increases. No one participant may receive any award which, together with all awards then held by such participant would permit such participant to be issued a number of Common Shares which is greater than 4.0% of the Corporation's total outstanding shares. The number of shares that may be issued to insiders within any one-year period, or which may be issuable to insiders at any time, under all security-based compensation arrangements of the Corporation, shall not exceed 4.0% of the Corporation's total outstanding shares. The Corporation shall have no obligation to issue shares in respect of any RSUs or DSUs under the Management LTIP and shall not issue shares under the Management LTIP unless such issuance complies with applicable law, including the requirements of the TSX.

Settlement of a participant's vested RSUs and DSUs may be in newly issued Common Shares, Common Shares bought on the open market, cash or any combination of such Common Shares and cash, as determined by the CGNC Committee. Settlement of vested RSUs and DSUs in Common Shares shall be made by way of (i) the issuance by the Corporation of one Common Share for each RSU or DSU being settled in newly issued Common Shares as of the relevant settlement date or (ii) the purchase on behalf of the participant (or his or her legal representative, as the case may be) on the relevant stock exchange through an independent intermediary of one Common Share for each RSU or DSU being settled in Common Shares bought on the open market as of the relevant settlement date. Settlement of vested RSUs and DSUs in cash shall be made by way of the lump sum payment of an amount equal to the fair market value on the relevant settlement date multiplied by the number of RSUs and/or DSUs being settled in cash as of such settlement date.

In the event that a participant's employment is terminated without cause, all DSUs previously awarded to such participant will vest, but unvested RSUs will expire. In the event that a participant dies or retires after reaching 65 years of age, all DSUs and RSUs previously awarded to such participant will vest.

In the event that a participant's employment is terminated for cause or a participant resigns prior to reaching 56 years of age, all DSUs and unvested RSUs will be forfeited. If a participant retires between the ages of 56 and 65, all unvested RSUs will be forfeited, but DSUs become eligible to vest on a straight-line basis annually between the ages of 56 and 60.

All RSUs and DSUs granted pursuant to the Management LTIP shall automatically vest upon a "Change of Control", immediately prior to the Change of Control and settlement shall be in accordance with the Management LTIP. For the purposes of the Management LTIP, "**Change of Control**" means any one of the following events: (a) the acquisition by any person or persons acting jointly or in concert, whether directly or indirectly, of voting securities of the Corporation which together with all other voting securities of the Corporation held by such persons, constitute 20% or more of the votes attached to all outstanding voting securities of the Corporation; (b) any business combination of the Corporation with another person which results in the holders of voting securities of that other entity holding 20% or more of the votes attached to all outstanding voting securities of the entity; (c) the sale, lease or exchange of all or substantially all of the property of the Corporation to another person; (d) the gaining of the ability of one or more other persons, acting jointly or in concert, directly or indirectly, to control the composition of the majority of the board of directors; or (e) the gaining of the ability of one or more other persons, acting jointly or in concert, directly or indirectly, to direct or cause the direction of the management, actions or policies of the Corporation.

The Board may, without Shareholder approval, amend, suspend or cancel the Management LTIP as it deems necessary or appropriate, provided that any approvals required under applicable law or stock exchange rules are obtained. No termination or amendment of the plan may adversely affect the rights of a participant with respect to any DSUs or RSUs which the participant has been granted. The Board may, without Shareholder approval, make any amendments to the Management LTIP including, but not limited to, those (i) necessary to ensure that the Management LTIP complies with applicable law and regulatory requirements; (ii) respecting administration of the Management LTIP and eligibility for participation; (iii) respecting the terms and conditions on which DSUs or RSUs may be granted; (iv) concerning the addition of, and any subsequent amendment to, any financial assistance provision; (v) that are of a “housekeeping” nature; and (vi) that do not require Shareholder approval under applicable laws or regulatory requirements.

Notwithstanding the foregoing, the following changes to the Management LTIP will require Shareholder approval in accordance with the requirements of the TSX: (i) any increase in the maximum number of Common Shares issuable from treasury; (ii) any change in the definition of “Fair Market Value” which would result in an increase in the value of DSUs or RSUs; (iii) any change in the term of any DSUs or RSUs; (iv) any amendment to the amending provisions of the Management LTIP so as to increase the Board’s ability to amend the Management LTIP without Shareholder approval; (v) any change to the categories of individuals eligible to be selected for grants of DSUs or RSUs where such change may broaden or increase the participation of insiders under the plan; (vi) any amendment to remove or exceed the insider participation limits; or (vii) any amendment that would permit DSUs or RSUs to be transferrable or assignable other than for normal estate settlement purposes.

The assignment or transfer of invested RSUs and DSUs, or any other benefits under the Management LTIP, shall not be permitted. Unless otherwise determined by the Board, the Management LTIP shall be unfunded.

Stock Option Plan

Prior to the adoption of the Management LTIP and the Director DSU Plan, stock option grants were made pursuant to the Option Plan. Stock option grants are no longer made, as the CGNC Committee believes that the Management LTIP promotes greater alignment of long-term interests between management and the Shareholders.

Option awards were discretionary, as recommended by the CGNC Committee to the Board and were periodically awarded. Pursuant to the Option Plan, the Corporation was not permitted to repurchase underwater options for cash and has never done so.

For a summary of the principal terms of the Option Plan, please see the Corporation’s management information circular in respect of the Corporation’s annual and special meeting held on June 15, 2010 filed under the Corporation’s SEDAR profile at www.sedar.com.

In 2018 and 2017, no stock options to acquire Common Shares were granted to executives or employees. No options previously granted were otherwise amended, replaced or modified in 2018 or 2017.

The total number of Common Shares reserved under the Option Plan is 450,000 or 0.74% of the Corporation’s issued and outstanding Common Shares. The following table summarizes stock options granted over the last two years:

Pension Plan Benefits

Defined Benefit Pension Plan

The Corporation established a pension plan in 2001 for John M. Beck, Executive Chairman, to reflect then current executive compensation trends, as a reward for (at the time) over 40 years of service with the Corporation and its predecessors, and as an incentive for future long-term involvement with the Corporation. Entitlements under the plan are based on length of service from the date the plan was established and Mr. Beck's final average salary at the time he retires. Based on the foregoing, Mr. Beck's pension entitlement at the time of retirement, assuming a retirement age of 77, would be an amount equal to approximately 61% of his final average salary (excluding bonus). See "Compensation Review – Pension Plan Benefits – Defined Benefit Pension Plan" in this Section Three for details regarding awards to NEOs under the defined benefit pension plan ("DBPP").

Defined Contribution Pension Plan

The Corporation provides a defined contribution pension plan ("DCPP") to substantially all non-union employees, including certain executives and NEOs. The Corporation matches employee contributions based on a percentage of salaries. Under the plan, once participants have reached six months of continuous service, the Corporation matches each participant's contributions up to 5% of salary. These contributions are made up to the annual maximum as determined under the *Income Tax Act* (Canada) ("ITA") and vest immediately upon joining the plan.

Funds are accumulated and invested in a personalized choice of investments under the participant's name. On retirement, the funds are used to purchase one of several types of financial instruments at the option of the participant. See "Compensation Review – Pension Plan Benefits – Defined Contribution Pension Plan" in this Section Three for details regarding awards to NEOs under the defined contribution pension plan.

The Corporation also provides certain executives and NEOs with a defined contribution supplemental executive retirement plan ("SERP"). Under the SERP, once participants have reached the annual maximum pension contributions as determined under the ITA, contributions at the same rate as contributed to the DCPP are directed to each participant's SERP.

Other Pension Plan Contributions

In fiscal 2018, Mr. Servranckx was not eligible to participate in the SERP or DCPP. Prior to joining the Corporation in September, 2018, Mr. Servranckx served as the President and CEO of Eiffage Civil Works Division, now known as the Eiffage Infrastructures Branch. As a private sector executive in France, Mr. Servranckx was enrolled in a mandatory supplemental collective pension scheme in France in 2018. Generally, employees and executives from the private sector in France are required to contribute to a supplemental pension plan. The supplemental pension plans are grouped into two associations: (i) les régimes des cadres placés sous le contrôle de l'Association générale des institutions de retraites des cadres (AGIRC); and (ii) les régimes des salariés non cadres regroupés au sein de l'Association des régimes de retraites complémentaires (ARRCO). The Corporation made contributions on behalf of Mr. Servranckx to his AGIRC supplementary plan. See "Elements of Compensation – Pension Plan Benefits – Defined Contribution Pension Plan" in this Section Three.

EXECUTIVE COMPENSATION AND SHAREHOLDER ENGAGEMENT

The Board's interest in Shareholder engagement regarding executive compensation is a fundamental and long-standing aspect of the Board's fiduciary oversight responsibility. The Corporation's senior management, under the guidance of the CFO and the SVP, Corporate Development and Investor Relations, is principally responsible for shareholder communications and engagement on this issue. Enquiries, questions, and concerns from Shareholders are addressed promptly by the Investor Relations group in a manner that is consistent with the Corporation's disclosure policies and procedures and are reported to the CGNC Committee and the Board, as appropriate. For the Corporation's approach to addressing the Say-on-Pay concerns specifically, please see "Matter Two: Advisory Vote on Executive Compensation ('Say-on-Pay' vote)" in Section Two of the Circular. The Corporation also has an active marketing campaign to meet with institutional investors throughout the year, primarily through non-deal roadshows and at scheduled industry conferences and events.

During fiscal 2018, based on the consultation and feedback described above, there have been no concerns or complaints received by the Corporation from Shareholders in respect of the Corporation's approach to executive compensation.

The Corporation's dividend has increased by 181.3% in the same period.

As noted in "Compensation Discussion and Analysis" in this Section Three, Aecon's executive compensation is directly linked to the performance of individual officers and the performance and financial results of the Corporation. Individual awards under the Management LTIP are awarded on the basis described in this Section Three under "Long-Term Incentive Plan" and detailed herein. The value of a Management LTIP award (an RSU or DSU) after grant will fluctuate based on the Corporation's share price, thereby aligning the interests of NEOs with those of Shareholders available for review under the Corporation's SEDAR profile at www.sedar.com.

- (1) Share-based awards reflect amounts awarded under the Management LTIP. On March 15, 2019, Aecon granted an aggregate of 27,928 DSUs and 196,334 RSUs to the NEOs. The value of each DSU and RSU granted in 2019 on the grant date was \$18.34, which was based on the volume weighted average trading price of the Common Shares on the TSX during the immediately preceding five trading days. See “Statement of Executive Compensation – Compensation Discussion and Analysis”, above, for additional information.

To induce Mr. Beck to remain in the Executive Chairman role on a full-time basis during the critical period of transitioning to a new President and Chief Executive Officer, and after consulting with its independent compensation consultant, Meridian, the Board awarded Mr. Beck \$1,000,000 of DSUs under the LTIP, to be awarded in four equal tranches over an eighteen-month period commencing in September 2018. The value of the DSUs granted on September 18, 2018, the grant date, was \$250,000, which was based on the volume weighted average trading price of the Common Shares on the TSX during the immediately preceding five trading days. See “Statement of Executive Compensation – Compensation Discussion and Analysis”, above, for additional information.

- (2) Option-based awards represent the grant date fair value for option-based awards. Both the grant date fair value and accounting fair value for option-based awards are calculated using the Black-Scholes model using the assumptions described in the table under “Share Option Values and Assumptions”, below. The grant date fair value of option-based awards as presented will differ from the compensation expense included for these grants in the Corporation’s financial statements. In accordance with International Financial Reporting Standards, the fair value of each award at the grant date is amortized over the relevant vesting period to arrive at compensation expense in the financial statements.
- (3) Bonus amounts for 2018 performance were paid at the end of the first quarter of 2019.
- (4) The “all other compensation” amounts in this column include retention bonuses paid in 2018 on account of the Arrangement. The bonuses to Messrs. Smales (\$650,000), Fushman (\$650,000), Scherer (\$266,667) and Nackan (\$266,667), and were disclosed in the “Employment and Retention Agreements” section of the Corporation’s Management Information Circular dated November 17, 2017 (the “Arrangement Circular”) with respect to the Arrangement, which received approval of 99.4% of votes cast in person or by proxy at the special meeting held in connection with the Arrangement.

Subsequent to the termination of the Arrangement and after consultation with the Corporation’s independent compensation consultant, Meridian, in recognition of Mr. Beck’s exemplary leadership, as evidenced by the Corporation securing record backlog and retaining all of the Corporation’s key personnel in 2018, notwithstanding the significant distraction and uncertainty of the Arrangement, which was under intense media scrutiny and regulatory review for almost the first five months of the year, the Board awarded a \$1,000,000 bonus to Mr. Beck that was disclosed in the Arrangement Circular as being payable upon consummation of the Arrangement notwithstanding that the transaction was not consummated.

- (5) All other compensation also includes other amounts such as taxable auto benefits (including vehicle allowance), taxable living allowances, employer contribution to employee share purchase plan, share units issued as a result of dividends under the old LTIP or Management LTIP and taxable benefits from the SERP.
- (6) On September 4, 2018, John M. Beck assumed the role of Executive Chairman and continues to serve the Corporation on a full-time basis.
- (7) Mr. Servranckx was appointed President and Chief Executive Officer on September 4, 2018. The salary for Mr. Servranckx represents the actual amount paid to Mr. Servranckx in 2018. Mr. Servranckx’s 2018 salary, on an annualized basis, was \$975,000.
- (8) The Corporation granted Mr. Servranckx a cash make-whole payment of \$2,000,000 (the “Make-Whole”) in recognition of \$3,120,000 of equity, bonuses, and other incentives he forfeited with his prior employer in accepting employment with Aecon, comprised of \$300,000 in guaranteed

short-term incentives, \$220,000 in variable short-term incentives and \$2,600,000 of equity in such prior employer. Fifty percent (50%) of the Make-Whole was paid upon commencement of Mr. Servranckx's employment with the Corporation; a second conditional installment of twenty-five percent (25%) will be paid upon completion of Mr. Servranckx's first year of employment with the Corporation; a third conditional installment of twenty-five percent (25%) will be paid upon completion of Mr. Servranckx's second year of employment with the Corporation. The amount paid to Mr. Servranckx to date, being 50% of the Make-Whole or \$1,000,000, is reflected in the table above. The CGNC Committee and Board of Directors, after consultation with its independent compensation consultant, Meridian, decided that the amount of the Make-Whole was not excessive and was fair, reasonable and in the best interests of the Corporation given Mr. Servranckx's unique and outstanding credentials, the exhaustive nature of the search undertaken to find a successor to Mr. Beck in the President and Chief Executive Officer role, the amount of the Make-Whole payment relative to Mr. Servranckx's overall compensation package, and the tranching structure of the Make-Whole payment that creates a retention inducement.

(9) Mr. Fushman became an NEO in 2017.

(10) Mr. Scherer became an NEO in 2018.

SECTION SEVEN – CORPORATE GOVERNANCE MATTERS

The Board is committed to fostering a healthy governance culture at the Corporation. The Corporation believes that such culture requires that directors be aware of both internal corporate and external developments that may affect the business and affairs of the Corporation and that an atmosphere of open communication, trust, candour, healthy debate and constructive dissent be part of the corporate decision making and directorial oversight process. Although mindful of evolving views with respect to governance issues, the Board believes that formulaic or structural approaches to corporate governance issues may not in and of themselves be adequate or ensure best in class governance standards. The Board examines each issue on a case-by-case basis and, in consultation with senior management and the Corporation's advisors, adopts the standard or approach it believes best protects and promotes the interests of all Aecon stakeholders. As members of an experienced Board, the directors are cognizant that they have statutory and fiduciary obligations to act honestly and in good faith with a view to the best interests of the Corporation. They also have a duty of care in making decisions, including a duty to be properly informed so they can perform the tasks their positions entail. The Board demands that these standards be met by its members at all times. The Board believes that its principled approach to corporate governance meets these standards.

The Corporation's corporate governance practices are designed to ensure that the business and affairs of the Corporation are effectively managed so as to promote and enhance Shareholder value. The Board has historically been actively involved in many aspects of the Corporation's business, a trend that continued throughout 2018. Management has been able to draw assistance from individual Board members, as well as seek advice from the Board as a whole or from the independent directors collectively or individually, when appropriate.

Over the past several years, both management and the Board have closely monitored and, where appropriate, responded to Canadian regulatory developments aimed at improving corporate governance, increasing corporate and individual accountability as well as maximizing the transparency of public company disclosure.

Under the CSA Guidelines, the Corporation must disclose on an annual basis and in prescribed form, the corporate governance practices that it has adopted. The Corporation's annual disclosure of its corporate governance practices in accordance with Form 58-101F1 – *Corporate Governance Disclosure* under NI 58-101 is attached to this Circular as Appendix 1.

The Corporation is also subject to the requirements of Canadian provincial securities legislation, including those relating to the certification of financial and other information by the Corporation’s President and Chief Executive Officer and Chief Financial Officer; oversight of the Corporation’s external independent auditors; enhanced independence criteria for Audit Committee members; the pre-approval of permissible non-audit services to be performed by the Corporation’s external independent auditors; and the establishment of procedures for the anonymous submission of employee complaints regarding the Corporation’s accounting practices (the “**Whistle Blower Policy**”).

ENTERPRISE RISK MANAGEMENT

Management has developed a disciplined and integrated ERM process which identifies potential events that may affect the Corporation, manages risk to be within the Corporation’s risk appetite and provides reasonable assurance regarding the achievement of the Corporation’s objectives.

In support of ERM, the Corporation has put in place formal policies which address project selection, contract terms, cost controls, project controls, selection of joint venture partners and negotiation of joint venture agreements, impact and delay claims, third party liability and regulatory matters.

Management believes that everyone in the Corporation has a degree of responsibility for ERM. The Project Review Committee, chaired by the President and Chief Executive Officer, meets weekly to vet significant projects prior to bid pre-qualifications and bid submissions. The Operational Risk Committee provides additional focus on cost and schedule risk associated with major projects or projects with higher risk profiles. The Commercial Risk Committee reviews the most significant risks of major projects from a multi-disciplinary perspective prior to review by the Project Review Committee. The Executive Committee meets bi-weekly to discuss key strategic issues, financial performance, operation issues and safety matters and to review the progress of major projects. The Executive Committee also conducts quarterly financial review meetings with operating leaders to monitor the financial results and leading indicators across the Corporation. The Executive Operations Team meets quarterly to review financial performance, major projects and key opportunities. The Disclosure Committee meets at a minimum quarterly to review continuous disclosure obligations and documents. The Risk Committee of the Board meets at a minimum quarterly and oversees the Corporation’s ERM policies, programs and practices. In addition to the formal processes described above, divisional and risk teams provide ongoing support for major projects and all personnel are expected to execute ERM in accordance with established directives and protocols.

CODE OF ETHICS AND BUSINESS CONDUCT AND WHISTLE BLOWER POLICY

The Corporation first adopted a Code of Ethics and Business Conduct in 2002 to guide behaviour related to company business and to ensure that Aecon maintains the standard of a highly ethical and professional public corporation. The Code of Ethics and Business Conduct supports Aecon’s corporate values, specifically to “preserve

the highest standards of honesty, integrity and business ethics; promote equality of opportunity and cultural diversity within the Corporation; ensure safety in all our activities; foster protection of the environment; and maintain an open, empowering and rewarding workplace” and set out fundamental principles that guide the Board in its deliberations and shape the Corporation’s business activities. The Code of Ethics and Business Conduct was most recently updated in December 2018. As of 2015, each director, officer and employee of the Corporation is required to complete, on an annual basis, a Code of Ethics and Business Conduct online training module within the sphere of Aecon University, the Corporation’s learning vehicle for delivering professional development and training opportunities. Moreover, new employees must review the Code of Ethics and Business Conduct and acknowledge adherence to it when they join the Corporation and all employees must make the same acknowledgment at least twice per year thereafter. The Code of Ethics and Business Conduct is available for review under the Corporation’s SEDAR profile at www.sedar.com.

In May 2005, the Corporation approved a Whistle Blower Policy to support the Corporation’s continued commitment to honesty and integrity in the conduct of its business. The Whistle Blower Policy has been updated several times since its initial adoption with a view to continuing to meet best practices. The Whistle Blower Policy was most recently updated in the second quarter of 2011 with the assistance of external counsel and is available for review under the Corporation’s SEDAR profile at www.sedar.com. Among other features, the Whistle Blower Policy provides a mechanism for anonymous complaints to be made to the Chair of the Audit Committee or the Executive Vice President, Chief Legal Officer and Corporate Secretary. For additional information, see “Culture of Integrity” set out in the Board Mandate attached to this Circular as Appendix 3. To reinforce the importance of ethical behaviour and enhance internal controls, in April 2009 the Corporation introduced a “Reporting Internal Suspicions of Fraud Policy”.

Management, under the direction of the Board, has undertaken a number of initiatives to promote ethical behaviour by its employees including email updates regarding key policies, new employee seminars on key corporate policies (including the Code of Ethics and Business Conduct and Whistle Blower Policy), anti-corruption and anti-bribery measures, including a quarterly certification requirement for all projects outside of Canada and a certification requirement for all foreign projects at the pursuit and bid stage, and holding an annual company-wide Safety Day. First introduced in October 2005 to reinforce to all employees, clients and stakeholders the importance of safety as a core value of the Corporation, Safety Day is a company-wide event in which all employees of the Corporation watch a “tool box” video talk by the Chief Executive Officer on safety issues and are reminded of the importance of safety in their day to day activities. Since 2015, Safety Day has been extended from a single day event to a week-long Safety Week.

The Disclosure Committee meets at least quarterly and more often if required to discuss disclosure issues. The quarterly meeting typically involves a page by page review of the applicable management’s discussion and analysis and financial statements and is attended by members of both the Disclosure Committee and senior members of the Corporation’s finance department who are responsible for the preparation of the documents. The Disclosure Committee also reviews the Corporation’s annual information form and management information circular. The Corporation’s Assistant Corporate Secretary keeps a written record of all Disclosure Committee meetings, noting what issues were discussed and decided, and what actions, if any, were recommended. The public disclosure documents filed under the Corporation’s SEDAR profile reflect the consensus of such meetings. See “Shareholder Engagement” below for additional information.

SAY-ON-PAY VOTE

Consistent with last year, Shareholders will cast an advisory vote on the Corporation’s approach to executive compensation. The CGNC Committee and the Board will review the results of this advisory vote and will consider the outcome when considering future executive compensation arrangements. If a significant number of Shareholders vote against the advisory resolution, the CGNC Committee will review the approach to executive compensation in the context of the specific concerns of the Shareholders and may make recommendations to the Board. Following the review by the CGNC Committee, the Corporation will disclose a summary of the process undertaken by the CGNC Committee and an explanation of any changes, or why no changes are being implemented in relation to the Corporation’s executive compensation. The Corporation will provide this disclosure as soon as is practicable, and in any event no later than in the next management information circular for its next annual meeting.

In 2018, 94.74% of the votes cast voted for the Corporation’s 2017 executive compensation program. The CGNC Committee reviewed the results of the Say-on-Pay vote and concluded that no significant changes to the Corporation’s approach on executive compensation are required at this time. The CGNC Committee will continue to review the Corporation’s executive compensation program to ensure its effectiveness and further align the interests of the Corporation’s executives with its Shareholders.

The CGNC Committee and the Board will also continue to review and consider all Shareholder feedback related to compensation matters and will continue existing practices regarding Shareholder discussion and engagement. Shareholders are invited to contact the Corporation by using the contact information set out in “Shareholder Engagement” in Section 7 of this Circular. Please refer to page 17 of this Circular for additional information on the Say-on-Pay Vote.

FINANCIAL ASSURANCE AND COMPLIANCE DEPARTMENT

The Corporation’s Financial Assurance and Compliance (“**FA&C**”) department was established to provide an independent and objective assurance, consulting and advisory function that is designed to add value, improve the Corporation’s operations, and assist management in the effective discharge of its responsibilities. Currently, the main focus of the FA&C department is to manage compliance with Bill 198, assist senior management in the testing of internal controls over financial reporting (“**ICFR**”) and provide added assurance and comfort to the Chief Executive Officer and Chief Financial Officer of the Corporation as part of their certification on the design and operating effectiveness of ICFR. In addition to this assurance function in support of the regulatory certification process, the FA&C department also assists management of the Corporation in examining, evaluating, reporting and recommending improvements to strengthen the effectiveness of internal controls, risk management and governance processes. Other responsibilities include reviewing the Corporation’s compliance with policies, procedures, laws and regulations, and performing advisory services as requested.

CORPORATE DIVERSITY POLICY AND INITIATIVES

Diversity is an integral part of the Corporation’s culture and its operations. Consequently, the Corporation seeks to recruit and invest in the best available talent and, although the Corporation does not endorse quotas or targets, it is committed to building and maintaining a diverse workforce and promoting an inclusive workplace which values and utilizes contributions of employees with diverse backgrounds.

Corporate Diversity Policy

The Corporation recognizes that important strides must still be made and is working diligently to put programs in place to improve its representation and retention of women and other underrepresented groups. In 2015, the Corporation adopted a written corporate diversity policy (the “**Corporate Diversity Policy**”) which sets out the Corporation’s ambitions and objectives for shaping its workforce and management.

The Corporate Diversity Policy identifies three overarching goals which are necessary for the integration of diversity and inclusion into the Corporation’s culture.

The Corporation will conduct an annual review of its workforce diversity in each job classification and within each operating segment and, as appropriate, take steps to ensure that the diversity and inclusion objectives set out in the Corporate Diversity Policy are met.

These goals will be met by focusing on six priority areas:

1. dialogue and feedback;
2. talent acquisition;
3. engagement and retention;
4. talent development and promotions;
5. commitment and understanding; and
6. performance and accountability.

Diversity and Inclusion Strategy

To assist in achieving the three overarching goals of Aecon's Corporate Diversity Policy, Aecon developed a diversity and inclusion strategic plan. Aecon's diversity and inclusion vision statement leverages Aecon's diverse and inclusive workforce as a key business strategy.

As part of the diversity and inclusion strategic plan the Diversity and Inclusion Council ("**DI Council**") was launched in 2015. The DI Council is part of Aecon's key business strategy to build an organization that attracts top talent and optimizes employees' engagement and performance.

The DI Council's objectives are to promote: (i) workforce diversity by recruiting from a diverse, qualified group of potential applicants to secure a high performing workforce drawn from all segments of the Canadian landscape; (ii) workplace inclusion by cultivating a culture that encourages collaboration, flexibility, understanding and fairness to enable individuals to contribute to their full potential engagement and retention; and (iii) sustainability & accountability by developing structures and strategies to equip leaders with the ability to manage and develop Aecon's talent through a diverse lens with an aim at institutionalizing a culture of inclusion.

Aecon conducts an annual review of its diversity and inclusion strategic plan and workforce diversity to ensure that the diversity and inclusion objectives are met.

Women of Aecon

The presence of women within the Corporation's senior leadership is an important business goal. One of the goals of the Corporate Diversity Policy is to ensure that there will be highly qualified women within the Corporation available to fill vacancies in executive officer and other leadership positions. In appointing individuals to executive officer positions, the Corporation considers a number of factors, including the skills and experience required for the position and the personal attributes of the candidates. The level of representation of women in senior leadership roles is also considered as one such factor.

At the time the Corporate Diversity Policy was enacted and until February of 2017, women comprised 25% of the Corporation's executive officers. Due to changes made to the Corporation's executive officers in 2017, 11% of women occupy executive officer positions at the Corporation. However, the Corporation continues to seek highly qualified women to fill vacancies in executive officer and other leadership positions. Within the Corporation's broader senior management team, women occupy 6 senior leadership positions in various areas including finance, tax, compliance, information services and human resources.

The Board recognizes the value of the contribution of members with diverse attributes in executive officer positions and is committed to ensuring that there is significant representation of women in executive officer positions. The Board has not, however, established a target regarding the number of women in executive officer positions, as the Board has determined that a target would not be the most effective way of achieving the objectives of the Corporate Diversity Policy, including ensuring that the Corporation is comprised of individuals with diverse attributes and background.

The Corporation has been pursuing initiatives aimed at promoting the hiring and retention of women. For example, the Aecon Women Inclusion Network ("**Aecon-WIN**") was formed in June 2014 under the original name, Women of Aecon Group, to inspire the Corporation's women to reach their full career potential through transfer of knowledge, mentorship, networking and shared experiences. The group is sponsored by the Chief Executive Officer and led by a Chair, Vice Chair, Advisor and Council Members. Since its inception, Aecon-WIN has held regular networking and mentoring sessions featuring internal and external speakers and currently offers a structured professional development curriculum. In addition, on March 8, 2019, International Women's Day, Aecon launched a number of new initiatives to demonstrate its commitment to improving gender diversity within the Corporation and in the construction industry more broadly, including launching a #balanceforbetter campaign where employees could make pledges to work toward gender balance in the construction industry and beyond.

First Nations Outreach Program

The engagement and participation of First Nations' members in Aecon's projects across Canada is a key part of Aecon's diversity and inclusion strategic plan. To this end Aecon established an outreach program for Canadian

First Nations' members ("**First Nations Outreach Program**"). The first Nations Outreach Program involves the construction of remote training facilities in northern Ontario. Aecon then works with the Operating Engineers of Ontario Training to create education and training programs for the facilities.

The goal of the First Nations Outreach Program is to provide First Nations' members opportunities to establish careers in skilled trades. The First Nations Outreach Program also establishes job opportunities for graduates of the program.

BOARD OVERSIGHT OF CORPORATE GOVERNANCE

The Board takes an active role in promoting an ethical culture and monitoring compliance with Aecon policies. The Board and senior management believe that in the construction industry ethical behaviour starts with "safe behaviour" as evidenced by a commitment to high safety standards by every employee on every job site. As such, the Board has provided strong support for initiatives such as Safety Day. To further monitor this key control, the Board created the EHS Committee in the fourth quarter of 2010. See "Board Committees" in this Section Seven for additional information.

The Board also monitors compliance with the Corporation's policies through Financial Assurance and Compliance Interim Reports prepared by the internal audit team and provided to the Audit Committee on a quarterly basis. In addition, as part of compliance with National Instrument 52-109 – *Certification of Disclosure in Issuers' Annual and Interim Filings*, the Corporation has developed a system of sub-certification pursuant to which key financial and business unit leaders are asked to verify compliance with a range of key metrics including compliance with the Code of Ethics and Business Conduct. The Chief Financial Officer provides a report to the Board in respect of such matters on a quarterly basis.

MANDATE OF THE BOARD

The mandate of the Board is to supervise the management of the business and affairs of the Corporation by its executive officers and includes, without limitation, the following duties and responsibilities:

- (i) ensuring a culture of integrity at the Corporation;
- (ii) approving and monitoring the Corporation's overall strategy;
- (iii) reviewing and approving strategic investments, acquisition opportunities, divestitures and alliances;
- (iv) assessing and managing the principal risks inherent to the business of the Corporation;
- (v) overseeing and reviewing the Corporation's communication and public disclosure policies and practices;
- (vi) approving the Corporation's internal controls and reviewing and assessing their integrity and effectiveness;
- (vii) overseeing the Corporation's financial reporting policies and procedures;
- (viii) reviewing and monitoring the corporate governance policies and practices of the Corporation;
- (ix) overseeing the performance of the Chief Executive Officer and senior management and establishing their annual performance expectations, corporate goals and objectives (including setting appropriate compensation and benefits) and monitoring progress against expectations; and
- (x) overseeing the creation and implementation of appropriate succession plans for senior management.

A copy of the Board Mandate is attached to this Circular as Appendix 3.

COMPOSITION OF THE BOARD

The Board is currently comprised of nine members. The directors of the Corporation include community and business leaders active at the local, national and international level who provide a depth and range of experience. Please see the biographies of individual directors under "Election of Directors" in Section Two of this Circular. Assuming that each of the Board nominees identified in this Circular is elected at the Meeting, the Board has determined that 8 out of 10 or 80% of the directors will be considered "independent" under the CSA Guidelines and National Instrument 52-110 – *Audit Committees ("NI 52-110")*. To assist the Board with its determination as to

independence of its members, all directors complete a detailed annual questionnaire regarding their relationships with the Corporation. The Board believes that a sufficient number of directors are independent of the Corporation, as no material corporate decision requiring director approval can be passed without the approval of the independent directors. Notwithstanding that Mr. Beck and Mr. Servranckx are not “independent” within the meaning of the CSA Guidelines, the Board believes that their status did not preclude them from exercising independent judgment with a view to the best interests of the Corporation. See “Board Committees” below for additional details.

Position Descriptions

The Board is led by the Executive Chairman and is comprised of experienced directors (see “Election of Directors” in Section Two of this Circular for additional details), whose authority is exercised in accordance with the Corporation’s Articles of Incorporation, By-Laws and Corporate Governance Handbook, the *Canada Business Corporations Act* as well as other applicable laws, regulations and rules, including those adopted by the CSA and those of the TSX. A copy of the Mandate of the Committee Chairs is attached to this Circular as Appendix 3.

Chief Executive Officer

The Chief Executive Officer of Aecon has full responsibility for the day-to-day activities of the Corporation’s business in accordance with its strategic plan as approved by the Board. The Chief Executive Officer is accountable to the Board for the overall management of Aecon and for conformity with policies agreed upon by the Board. The approval of the Board (or appropriate committee) is required for all significant decisions outside of the ordinary course of Aecon’s business. The position description for the Chief Executive Officer is attached to the 2011 management information circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com.

On an annual basis, the Chief Executive Officer of the Corporation circulates to the Board a proposed strategic plan and forecast which are discussed and, if appropriate, adopted by the Board. See “Strategic Planning” in Section Seven of this Circular. These plans form the basis of the corporate objectives that must be met by the Chief Executive Officer. The CGNC Committee reviews the performance of the Corporation and the Chief Executive Officer which review is used by the CGNC Committee in its deliberations concerning the Chief Executive Officer’s annual compensation. See “Statement of Executive Compensation” in Section Three of this Circular.

Committee Chair

Each of the Audit Committee, the CGNC Committee, the EHS Committee and the Risk Committee is chaired by an independent director (each a “**Committee Chair**”). The Committee Chairs are responsible for the management and the effective performance of their respective committees. The board has developed a mandate for each Committee Chair which also includes taking all reasonable measures to ensure that the respective committee fully executes its mandate, including taking all reasonable steps to ensure that such committee works as a cohesive team and arranging for the availability of adequate resources and access to information and management to support the committee’s work.

Board Committees

The Board has established four standing committees of directors: the CGNC Committee, the Audit Committee, the EHS Committee, and the Risk Committee. Each committee regularly meets without management present. All members of each of the Audit Committee, the CGNC Committee, the EHS Committee and the Risk Committee, including the respective Chairs, are “independent” within the meaning of the CSA Guidelines and NI 52-110.

In addition, as part of its ongoing efforts to maintain high standards of corporate governance, in 2007 the Board approved and adopted written mandates for the Chairman of the Board and for each Committee Chair, as well as a position description for the lead director and chief executive officer, each of which are attached to the 2011 management information circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com. From time to time, special committees of the Board may be and have been appointed to consider special issues and in particular, any issues that may involve related party transactions. Individual directors may retain outside advisors at the Corporation’s expense in appropriate circumstances and with the approval of the Audit Committee. No material corporate decision or decision involving a potential conflict of interest can be approved by the Board without the approval of the independent directors.

Corporate Governance, Nominating and Compensation Committee

On May 4, 2010, the Board established the CGNC Committee which replaced the previously constituted Human Resources and Compensation Committee (“**HRC Committee**”). Previously, the Corporation did not have a formal governance or nominating committee, although the HRC Committee routinely performed functions that would be customary for such committees. Given the high level of importance the Board places on the Corporation’s governance and nominating functions, the Board felt it was an appropriate time to formalize these roles within the reconstituted CGNC Committee. In addition to assuming the HRC Committee’s mandate with respect to the Corporation’s overall corporate policy relating to compensation and benefits, the CGNC Committee’s mandate was expanded to include such matters as developing an effective corporate governance system for the Corporation, reviewing and assessing the Corporation’s corporate governance practices and public disclosure on an ongoing basis, reviewing the Corporation’s compensation policies and programs to ensure that they motivate an appropriate level of risk-taking and mitigate excessive risk-taking, identifying and recommending candidates for election to the Board and all committees of the Board, organizing and overseeing the Corporation’s director education program and establishing and reviewing succession planning for the Chief Executive Officer and other senior executives. The CGNC Committee also engages external advisors from time to time, as the CGNC Committee deems appropriate, to discuss the Corporation’s compensation policies and programs and corporate governance practices.

As of the date of this Circular, the CGNC Committee is comprised of Joseph A. Carrabba, Susan Wolburgh Jenah (Chair) and Monica Sloan, all of whom are considered independent within the meaning of the CSA Guidelines. The Chief Executive Officer of the Corporation does not participate in the selection of members of the CGNC Committee.

Current members of the CGNC Committee are all senior business leaders and executives with several years of compensation and human resources experience. Accordingly, the Board believes that the members of the CGNC Committee, collectively, have the knowledge, experience and background to fulfill its mandate.

The CGNC Committee met six times in fiscal 2018. The CGNC Committee sets aside a portion of each meeting to meet without the presence of directors who are not independent of the Corporation and without the presence of management.

The CGNC Charter is attached to the 2015 management information circular which is available for review under the Corporation’s SEDAR profile at www.sedar.com.

Audit Committee

As of the date of this Circular, the Audit Committee is comprised of Michael Butt, Anthony P. Franceschini (Chair), J.D. Hole and Susan Wolburgh Jenah all of whom are considered to be “independent” and “financially literate” within the meaning of NI 52-110. The Corporation believes the oversight function of the Audit Committee provides a key stewardship role in the Corporation’s financial disclosure issues, internal controls, financial and operational risk management, corporate finance and related matters.

In reviewing the audited financial statements of the Corporation, the Audit Committee discusses the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosure in the financial statements. In addition, the Audit Committee discusses with the Corporation’s independent external auditors the overall scope and plans for their audit. The Audit Committee meets with the auditors, with and without management present, to discuss the results of their examination and the overall quality of the Corporation’s financial reporting. At least once per quarter, the members of the Audit Committee and other independent members of the Board meet with the auditors to discuss relevant issues. Neither the Board members who are part of management nor the Corporate Secretary participate in these meetings. The Audit Committee also carefully reviews evolving audit committee regulations and best practices to ensure corporate alignment with the spirit and intent of such regulations and practices. The Audit Committee also meets annually with the CGNC Committee to consider the Corporation’s key business risks and how the Corporation’s compensation policies and programs mitigate or promote excessive risk taking. The Audit Committee is responsible for overseeing the administration, financial reporting and investment activities of the Corporation’s pension plans and receives and considers an annual, or more frequently as required, Treasury Report on the status of the Corporation’s pension plans.

The Audit Committee met four times in fiscal 2018. The Audit Committee meets once per quarter before regularly scheduled Board meetings. The Audit Committee sets aside a portion of these meetings to meet without the presence of directors who are not independent of the Corporation and without the presence of management.

Environmental, Health and Safety Committee

As of the date of this Circular, the EHS Committee is comprised of Joseph A. Carrabba, J.D. Hole (Chair) and Anthony P. Franceschini. The Corporation believes the mandate of the EHS Committee provides an important leadership role in supporting the Corporation's core value of "safety first". The overall purpose of the EHS Committee is to support continuous improvement of healthy and safe workplaces, founded on the principles that the effective management of health, safety, wellness and concern for the environment (collectively "EHS") are essential to the success of the Corporation.

The EHS Committee is responsible for reviewing and approving the Corporation's annual EHS Strategic Plan and on a quarterly basis reviewing and assessing the Corporation's EHS performance. The EHS Committee is also tasked with reviewing corporate governance principles relating to a sound EHS system comprised of strategies, programming and performance of the Corporation from time to time to ensure compliance with changing regulatory requirements and best practices. In addition, the EHS Committee plays a key role in providing continuing education of EHS issues, best practices, legal and regulatory requirements and trends to the Board.

The EHS Committee met four times in fiscal 2018. The EHS Committee meets once per quarter before regularly scheduled Board meetings.

The EHS Committee Charter is attached to the 2011 management information circular which is available for review under the Corporation's SEDAR profile at www.sedar.com.

Risk Committee

In January 2016, the Board established a new Risk Committee. As of the date of this Circular, the Risk Committee is comprised of Michael Butt, Joseph A. Carrabba (Chair), Anthony P. Franceschini and Eric Rosenfeld, all of whom are considered independent within the meaning of the CSA Guidelines. The Risk Committee's mandate is to oversee the framework for managing of project risks arising from the Corporation's operations and business and review and monitor the Corporation's ERM policies, programs and practices, including cyber risk, ethics, governance, compliance, business continuity and emergency preparedness.

The Risk Committee sets aside a portion of each meeting to meet without the presence of directors who are not independent of the Corporation and without the presence of management.

The Risk Committee met four times in fiscal 2018. The Risk Committee meets once per quarter before regularly scheduled Board meetings and as otherwise necessary.

A copy of the Risk Committee Charter is attached to this Circular as Appendix 4.

Special Committee

On June 29, 2017, the Board established a Special Committee composed of Joseph A. Carrabba (Chair), Michael A. Butt, J.D. Hole and Eric Rosenfeld, all of whom are considered independent within the meaning of the CSA Guidelines. The Special Committee was given responsibility for, among other things, supervising a confidential sale process (the "Sale Process"), considering and reviewing all proposals received for the acquisition of the Corporation in connection with the Sale Process, and reporting and making recommendations to the Board with respect to any such proposals received.

The Special Committee met six times in fiscal 2018.

MEETINGS OF INDEPENDENT DIRECTORS AND IN-CAMERA MEETINGS

The independent directors met at minimum on a quarterly basis during the 2018 financial year and an in-camera session was held at every Board meeting. All members of the Audit Committee, CGNC Committee EHS Committee, and Risk Committee are independent. An in-camera session is held at every Board committee meeting.

INDEPENDENCE OF CHAIR AND LEAD DIRECTOR

The Board Chairman, John M. Beck, is not considered independent of the Corporation within the meaning of the CSA Guidelines and NI 52-110. The Lead Director as of the date of this Circular, Michael Butt, is considered independent of the Corporation within the meaning of the CSA Guidelines. Prior to the Meeting, the Board appointed Joseph A. Carrabba as new Lead Director to succeed Mr. Butt if elected following the Meeting. For a description of the mandate of the Board Chairman and a description of the position of the Lead Director, please see Aecon's 2011 management information circular under the Corporation's SEDAR profile at www.sedar.com. In the event of a vote of the Board that is tied, neither the Board Chairman nor the Lead Director is entitled to an additional or tie-breaking vote.

BOARD INTERLOCKS

The CGNC Committee has reviewed the membership of Aecon's nominees to the Board on the boards of other reporting issuers. No two nominees to the Board are members of the same board of directors of another reporting issuer. As such, no independence issues arise from Board interlocks.

BOARD ANNUAL REVIEW AND SUCCESSION PROCESS

Director and Board Performance Assessment

In 2012, the Board instituted a formal annual assessment process with respect to the effectiveness of the Board and its committees, and the performance and contribution of individual directors, which includes a biennial peer review. In 2013, the Board introduced an annual formal feedback process consisting of one-on-one meetings between the Executive Chairman of the Board and each director. Assessment of the Board consists of a survey, which is approved by the Chair of the CGNC Committee and the biennial assessment of directors consists of a peer evaluation, which is based on a questionnaire approved by the Chair of the CGNC Committee. The evaluations ask questions about what was done well and what could be done better and cover Board and committee structure and composition, Board leadership, strategic planning, risk management, operational performance and Board processes and effectiveness. In addition, as part of the review process each committee biennially evaluates its effectiveness in carrying out the duties specified in its charter. The results of the Board evaluation are analyzed and reviewed by the Executive Chairman of the Board and Chair of the CGNC Committee (except for the peer evaluation results in respect of the Executive Chairman of the Board, which are reviewed by the Chair of the CGNC Committee), who considers whether any changes to the Board's processes, composition or committee structure are appropriate. Additionally, senior management is advised of any suggestions made by directors for enhancement of processes to support the work of the Board, which senior management takes into consideration to improve such processes.

Director Term Limits

The Board believes that the advantages that accrue from experience and long service on the Board need to be balanced against the benefits of renewal. Accordingly, in March 2015 the Board adopted term limits for its independent directors (the "Director Term Limit Policy"). Pursuant to the March 2015 version of the Director Term Limit Policy, no candidate will be appointed as an independent director to the Board on or after January 1, 2016 if he or she has completed 15 years of continuous service on the Board or has reached 75 years of age. On a case-by-case basis, and on the recommendation of the CGNC Committee, the Board may, in exceptional circumstances and to further the best interests of the Corporation, extend a director's term.

During the first quarter of 2019, the CGNC Committee undertook a review of the Director Term Limit Policy, taking into consideration actual experience administering the policy since its adoption as well as current governance practices, market trends and the potential value provided by Aecon's directors above or approaching 75 years of

age. The CGNC Committee further considered the presence of a robust and comprehensive Board and peer review process at Aecon as an effective means to ensure appropriate Board renewal. Following its review, the CGNC Committee determined that continued adherence to the age limit would restrict experienced and potentially valuable board members from service through an arbitrary means, which may not necessarily correlate with returns or benefits for Shareholders and, therefore, did not align with the Board's interest in balancing experience with renewal. Rather, the CGNC Committee undertook to perform an annual review of the Board's overall composition, including its diversity of skill sets, the alignment of the Board's areas of expertise with a company's strategy, the Board's approach to corporate governance, and its stewardship of company performance. In March 2019, the Board, upon the recommendation of the CGNC Committee, approved the removal of the age limitation restriction in the Director Term Limit Policy while retaining the 15-year term limit (applicable to independent directors) under the Policy.

BOARD DIVERSITY

The Board strongly supports the principle of boardroom diversity and therefore has acknowledged, with the adoption of a written Board diversity policy (the "**Board Diversity Policy**") in March 2015, the importance of diverse representation among its directors. In accordance with the Board Diversity Policy the CGNC Committee is committed to recommending director nominees who in addition to meeting the criteria determined by the Board and set out in this Circular have a broad range of approaches, backgrounds, skills and experience (see "Corporate Governance Matters – Nomination of Directors" below). The CGNC Committee has specifically considered potential female candidates as part of its candidate searches.

The objective of the Board Diversity Policy is for the Board to include individuals from diverse backgrounds, having regard to gender as well as other factors. The Board seeks to ensure that the Board Diversity Policy will be effectively implemented by requiring the CGNC Committee to adhere to the Board Diversity Policy when planning for and considering potential nominees to the Board. The Board will conduct periodic assessments to consider the level of representation of women on the Board and will revise its policies and procedures as required depending on the results of these assessments.

In particular, the Board embraces the proposition that more women on boards would be advantageous to companies as well as to society at large. Accordingly, the Board considers the level of representation of women on the Board in identifying and nominating candidates for election or re-election to the Board, and continues its efforts to identify more female nominees who meet the various selection criteria. The Board set an objective that by 2017 there would be 25% female representation among the independent directors of the Board and the Board confirms that no changes to this objective has occurred since the 2015 annual general meeting. The Board is pleased to have satisfied its Board Diversity Policy objective in advance of 2017 with at least 25% female representation among independent directors of the Board commencing in 2016. The CGNC Committee will continue to oversee plans to maintain this level of female representation in accordance with the Board Diversity Policy while balancing all the factors needed to maximize the Board's effectiveness.

The Corporation's Board has taken positive steps towards broadening the diversity of the Board in recent years and towards achieving its objectives with respect to female representation. The graphic below provides a visual outline of the Corporation's Board diversity in terms of gender based on the directors standing for election in 2019.

Board Gender Diversity

Independent Director Gender Diversity

In accordance with the Board Diversity Policy, 25% of the independent directors of the Corporation were women last year. Based on all directors standing for election in 2019, 30% of the Corporation's directors are women (or 37.5% of the independent directors).

*The data is subject to the election of each person proposed to be nominated for election to the board of directors.

The Board annually reviews the Board Diversity Policy and the measures taken to ensure that the objectives and targets of the policy are being met and maintained, and to consider the adequacy and appropriateness of the policy in furthering the Corporation's objectives and targets. The Corporation continually evaluates candidates in a manner consistent with the Board Diversity Policy to ensure progress towards maintaining its objectives.

NOMINATION OF DIRECTORS

The CGNC Committee is responsible for identifying and recommending candidates for election to the Board and all committees of the Board. As part of its mandate with respect to nominating functions, the CGNC Committee is responsible for: (i) developing the criteria, profile and qualifications for new nominees to fill vacancies on the Board and recommending same for approval of the Board; (ii) identifying, interviewing and recruiting new nominees to fill vacancies on the Board as may be required; (iii) recommending for the approval of the Board the nominees to stand for election as directors at each annual meeting of Shareholders or otherwise to be appointed by the Board to fill any vacancy on the Board from time to time; (iv) reviewing and recommending to the Board for approval, the need, composition, membership and chairmanship of all committees of the Board, ensuring they are comprised of entirely independent members; and (v) establishing an orientation program for new Board members.

In considering a potential candidate, the CGNC Committee considers both the qualities and skills that the Board, considered in its entirety, currently possesses (see "Election of Directors – Board Skills Matrix" in Section Two of this Circular for additional details regarding the expertise of the Board) and that the Board should possess. Based on the skills and experiences already represented on the Board, the CGNC Committee will consider the experience, personal attributes and qualities that a candidate should possess in light of the anticipated growth and development of the Corporation. Moreover, the CGNC Committee recognizes the benefits of promoting diversity at the Board level. Diverse perspectives linked in common purpose contribute to innovation and growth for the Corporation. In considering candidates and selecting nominees for the Board, diversity, including gender diversity, is an important factor considered by the CGNC Committee. In assessing a candidate's suitability, the CGNC Committee also takes into consideration the existing commitments of the individual to ensure that each member has sufficient time to discharge such member's duties.

Notwithstanding that the CGNC Committee is charged with the responsibility of identifying potential new Board members, all members of the Board are eligible to put forth candidates for the CGNC Committee to consider. Additionally, the Board may, and has in the past, engaged recruiting firms to assist with identifying qualified candidates. Once candidates have been approved by the CGNC Committee and their interest level gauged, the entire Board discusses, both formally and informally, the suitability of a particular candidate.

The CGNC Committee maintains an evergreen list of potential candidates for the Board, including a separate evergreen list of potential female candidates for the Board with a view to increasing the Board's gender diversity.

ORIENTATION OF NEW DIRECTORS

The Board is responsible for the orientation and education of new recruits to the Board and all new directors are provided with a directors' orientation manual which includes the directors' and officers' insurance policies maintained by the Corporation, a copy of key corporate policies, the Corporation's most recent significant public disclosure documents and the current business plan. Prior to or shortly after joining the Board, each new director will meet with the Executive Chairman of the Board, the Chief Executive Officer, and the Chief Financial Officer of the Corporation. Each individual is responsible for outlining the business and prospects of the Corporation, both positive and negative, with a view to ensuring that the new director is properly informed to commence his or her duties as a director. In addition, new directors are entitled to hold exclusive meetings with members of senior management in order to familiarize themselves with the various businesses and activities of Aecon. Each new director will also be given the opportunity to meet with the Corporation's independent external auditors and legal counsel to the Corporation as well as the chair of each committee of the Board.

CONTINUING EDUCATION

Process

The Board ensures, through the CGNC Committee, that ongoing development and education opportunities are made available to existing Board members. The CGNC Committee is responsible for reviewing and approving ongoing development and education initiatives.

In order to determine the needs of directors in terms of ongoing education, each of them is invited to provide the Corporation with his/her interests and views on the matter in an annual Board survey.

Development and Education Opportunities

Current ongoing Board member development and education opportunities include regular presentations and/or updates by Management on the Corporation's activities and operations. In addition, Board members meet with Management of the Corporation on an ongoing basis to review the business and affairs of the Corporation.

The Chair of the CGNC Committee, together with the Executive Chairman of the Board, also arranges for relevant speakers to present at Board meetings and arranges other periodic education sessions through the year. In accordance with the Corporation's Director Education Reimbursement Policy, the Corporation also facilitates the education of Directors through financing annual membership in the Institute of Corporate Directors, which offers a continuing education program for directors. The Corporation believes a director must be well informed and takes a proactive approach in this regard.

In addition to formal meetings, management and the CGNC Committee hold a significant number of informal discussions and director education sessions at Board meetings. Topics for presentation and discussion include, but are not limited to, regulatory matters and legislative and policy developments impacting the Corporation; director duties; specific project updates; the implications of implementing International Financial Reporting Standards with respect to the Corporation's accounting procedures; and important developments in the construction industry.

Site Visits

Site visits to some of the Corporation's major projects are also viewed as educational opportunities for Directors. Site visits provide Directors with direct access to office and construction site personnel and assist them in more fully understanding the scope and risks associated with the Corporation's major projects. Directors are invited to participate in site visits, which are arranged by Management.

Board Dinner Sessions

The Board has a dinner session before every regularly scheduled Board meeting with the President and Chief Executive Officer and other senior executives. Usually held the evening of a Board meeting, the Board dinner sessions function as an important opportunity for the Board to meet with senior management in a less formal atmosphere, learn more about the Corporation's business and strategic direction, and strengthen the collegial working relationship between management and the Board.

STRATEGIC PLANNING

On an annual basis, the Board reviews and approves the Corporation's strategic plans. Management also provides regular updates to the Board on the Corporation's strategic plans throughout the year. These plans include key initiatives, details of opportunities, risks, competitive position, financial projections and other key performance indicators for each of the principal business groups. The annual strategy session allows directors to gain a fuller appreciation of planning priorities and progress being made on strategic plans. Directors also give constructive feedback to management on the Corporation's strategic plans. The feedback from directors and management is a key input in planning for the next year's session. Directors also receive a strategic update on the progress of each of the principal business groups and major projects during the fiscal year.

SUCCESSION PLANNING

The Corporation's philosophy of promoting from within strengthens its values and culture and provides more options for succession. The Corporation complements this with selective external hiring to benefit from diverse experiences and fresh ideas. The Corporation holds senior leaders accountable for talent management and succession planning through a performance assessment process.

The CGNC Committee plays a key role in supporting the Board in its oversight of talent management and succession planning. On an annual basis, the CGNC Committee reviews and discusses with management the composition of Aecon's leadership team. In March 2019, the CGNC Committee discussed the succession planning process.

The Chief Executive Officer routinely discusses with the CGNC Committee the strengths and gaps of key succession candidates, development progress over the prior year and future development plans. There is also a systematic approach for the Board to meet and familiarize itself with potential succession candidates, including more junior executives.

SHAREHOLDER ENGAGEMENT

The Corporation views its Shareholders and other investors as owners and partners and it has procedures in place to provide effective communications with its Shareholders and investors. Senior management (in particular, the Executive Chairman, the President and Chief Executive Officer and the Chief Financial Officer) together with the Lead Director are all committed to being accessible. The Corporation's Disclosure Committee has implemented procedures to obtain and appropriately deal with feedback from its Shareholders.

The Corporation also communicates regularly with Shareholders through annual and quarterly reports, including holding quarterly earnings conference calls held with financial analysts and institutional investors to present quarterly results. At the Corporation's annual meeting of Shareholders, a full opportunity is afforded for Shareholders and other interested persons to ask questions concerning the Corporation's business. The Corporation endeavours to provide each Shareholder and investor inquiry with a prompt response from an appropriate officer of the Corporation. Information about the Corporation, including annual reports, interim financial reports and recent news releases, is also available on the Corporation's website at www.aecon.com and under the Corporation's SEDAR profile at www.sedar.com. Correspondence to the Corporation or any of its directors and officers can be sent to the following address: 20 Carlson Court, Suite 105, Toronto, Ontario, Canada, M9W 7K6, by email to ir@aecon.com or by fax to +1-416-940-2290. Shareholders who wish to ask questions or have comments about the Corporation's executive compensation should contact the Chair of the CGNC Committee by mail at the address above, by email to ir@aecon.com or by fax to +1-416-940-2290.

BOARD EXPECTATIONS OF MANAGEMENT

Management is responsible for the day-to-day operations of the Corporation and is expected to implement Board approved strategic business plans and initiatives within the context of authorized forecasts and corporate policies and procedures. The information which management provides to the Board is critical. Management is expected to report regularly to the Board in a comprehensive, accurate and timely fashion in respect of the business and affairs of the Corporation. The Board monitors the nature of the information requested by the Board and otherwise

provided to it so that it can effectively identify issues and opportunities for the Corporation. The Executive Chairman of the Board and Lead Director are responsible for the management, development and effective performance of the Board in a manner that ensures the Board is adequately informed and is an effective monitor of management.

At the same time, the Board recognizes that the operations of the Corporation, its strategies and, ultimately, its success, will depend on management being successful. The Board's responsibility is to monitor and supervise, not to manage and operate the business.

SHAREHOLDER PROPOSALS

In accordance with the provisions of the *Canada Business Corporations Act*, a Shareholder may be entitled to submit to the Corporation notice of any matter that the person proposes to raise at the next annual meeting of Shareholders and the Corporation shall set out such proposal and the accompanying supporting statement, if any, in the management information circular for the next annual meeting of Shareholders, provided such notice is given to the Corporation by February 10, 2020. No Shareholder proposals were received by the Corporation with respect to the Meeting before the cut-off date specified in the Corporation's management information circular in respect of its annual meeting of Shareholders held on May 10, 2018 filed under the Corporation's SEDAR profile at www.sedar.com.
